About Magna Learning Partnership

Welcome to Magna Learning Partnership, where education meets excellence!

Magna Learning Partnership is a group of six primary schools, three secondary schools and one sixth form college who first came together to discuss the idea of a formal partnership in 2015. All schools in the partnership are local to Salisbury and work closely together, many of our staff have worked across schools as their careers have developed.

We are committed to providing an exceptional learning environment that nurtures both students and teachers alike. We are always on the 'look-out' for new teachers to join our thriving and dynamic community of educators dedicated to transforming lives and shaping the future. At Magna Learning Partnership, we believe that education has the power to create positive change and unlock the potential within every student.
