Recruitment Pack

Lead Practitioner in Real World Learning

This is a unique opportunity to become a Lead Practitioner in Real World Learning at Ladybridge High School. We are looking for an enthusiastic and effective teacher of either Computing or Enterprise who is also interested in connecting learning to the real world and developing their leadership skills at a whole school level. We want to further increase the amount of Real World Learning happening at Ladybridge and developing our learners' agency and enterprise skills is part of this. The successful candidate will work with other departments to build opportunities for Real World Learning and Project Based Learning into their curriculum.

As a small, tight-knit Computing and Enterprise team, we believe in the power of collaboration. We operate with a 'team-first' mentality, sharing ideas and workload to ensure our learners receive an outstanding education.

You won't be starting from scratch; our curriculum is fully embedded and meticulously resourced, supported by robust systems that streamline your daily life in the classroom. However, we also pride ourselves on a curriculum that is rich and forward-thinking. In addition to covering the Key Stage 3 curriculum, we engage in 'Trivium' projects where our learners solve real-world problems and explore challenges that push them to think outside the box.

Our students don't just learn theory; they apply it through ambitious, creative projects, such as:

- Using Sonic Pi to compose original musical scores for video games.
- Designing and building automated plant-watering robots for our school polytunnel.
- Developing and creating a kiosk system for a local zoo.

Additional info to be in the pack due to it being a Leadership Position:

The text from this link www.ladybridgehigh.co.uk/codifying-leadership/

Application Process & Key Dates:

Interested colleagues should complete an application form and submit, with a letter of application to outline how your experiences to date align with a trivium philosophy of education.

Deadline for application: Monday 20 April 2026 at 8.00 am

Interview date: Week commencing Monday 27 April 2026

Please send completed applications by email to Miss M Johns, HR & Cover Manager HR@ladybridgehigh.co.uk

Introduction to Ladybridge

Ladybridge High School is a local authority controlled state school two miles to the west of Bolton town centre. The school is at the heart of an incredibly diverse local community. Our learners have a broad range of academic starting points, socio-economic circumstances and ethnic backgrounds. Over 70 different languages are spoken by our learners and our families originate from over 35 different countries. Around 30% of our learners live in some of the most disadvantaged postcodes in the UK and around 30% live in the most affluent. It would be difficult to find a more comprehensive intake of young people. We celebrate our diversity and see the comprehensive nature of our school as a real strength.

Benefits of working at Ladybridge

Part of our distinctive ethos relates to how we treat staff and the culture this promotes. We aspire to be a true learning community, which we believe is best achieved through eradicating the fear of making mistakes. Taking calculated risks, reflecting on what we learn from this and working as a team are fundamental to our culture. Most of our energy as leaders goes into providing the best possible professional learning for staff and investing in the health and effectiveness of our relationships across the school. Openness, honesty and compassion are highly valued at Ladybridge, these qualities must be modelled at all times by our leaders.

Teaching staff at Ladybridge typically have a minimum of 20% Planning Preparation and Assessment (PPA) time, significantly above the national expectation of 10%. All teaching staff have a 'flexi afternoon' each fortnight, where they are free to leave the school site at the start of lunchtime. We do not expect teachers to work on their flexi afternoons. The vast majority of our associate staff also have varying degrees of flexible working. All our teaching staff, and many of our associate staff, are allocated an iPad, which helps us in a variety of ways, including ensuring data on achievement and behaviour are as live and accurate as possible. We use a 'study hall' approach to cover absent staff, which we very rarely use supply teachers or ask teachers to cover absent colleagues.

Staff wellbeing is prioritised at Ladybridge. Our swimming pool, leisure centre and 3G pitches enable us to offer staff swim sessions and free access to the gym and other sports facilities. Other staff wellbeing activities include football, badminton and tennis. The school farm also provides an enriching and nourishing environment for both staff and learners. The school also offers free Mindfulness and Cognitive Behaviour Therapy (CBT) sessions and courses for staff. In addition, staff are also offered the opportunity to access coaching sessions with an external professional at various points throughout the year.

Staff have access to 'Vivup', which is an employee benefits programme, consisting of many schemes and money saving initiatives designed to support mental, physical and financial wellbeing. Staff can also access the Employee Assistance Programme, which provides a confidential support helpline 24 hours a day 7 days a week, 365

days a year for any emotional, personal or work-related issues. The Lifestyle Savings section has access to a range of instant savings and discounts for shopping, days out, restaurants and much more. There is also a Cycle to Work Scheme and a Health & Wellbeing section with links to various self-help workbooks, podcasts and advice.

Another attraction to Ladybridge is our emphasis on sustainability. The school has benefitted from a [£1.4 million decarbonisation grant](#) to fund the installation of air source heat pumps and solar panels. This also helps to 'future proof' the school as fuel costs rise. The environmental group within our learner Leadership Academy work with the staff to reduce our impact on the environment and to increase the biodiversity across the school site.

As beneficial as the points above are, perhaps the most significant aspect of working at Ladybridge is how staff are given the freedom to think, be creative and influence the development and improvement of the school. Staff autonomy, agency and creativity are valued at Ladybridge, within a structure of simple, consistent and effective systems and routines.

The Ladybridge Trivium

Ladybridge has a unique ethos and a 'Trivium' educational philosophy. More information on the Trivium can be found on our website [here](#). The Ladybridge Trivium balances traditional and progressive educational approaches and prepares our learners for both the examinations they face at the end of Year 11 and the qualities needed to thrive and be successful throughout their lives. We seek to provide real world, authentic learning experiences that mirror complex challenges young people may face in the workplace in the future. A simple summary of the Trivium is given below:

1. **KNOWLEDGE** – Learn something new from an expert, this includes experts beyond school.
2. **EXPLORATION** – Debate, discuss, form your own ideas and gain authentic, real world experiences.
3. **COMMUNICATION** – Communicate your ideas to others, and perform publicly, in different ways to a variety of audiences.

The Trivium includes 'Everyday Trivium' approaches and 'Project Trivium' approaches, such as our [Bolton - Rewind Regenerate](#) project from last academic year. We are beginning to track our journey towards the vision of the Ladybridge Trivium on our blog, which can be found [here](#).

WISDOM Qualities

We believe that young people who are kind, respectful, committed, curious and resilient, with the ability to work effectively with others in a team, are likely to thrive at school and beyond. These six 'WISDOM qualities' are promoted, recognised and valued highly at Ladybridge. The development of these qualities, along with academic knowledge, aligns with our mission to prepare young people for their future lives and to develop good citizens.

Investing in relationships and professional learning

The health and quality of relationships ultimately determines the success of the school and how it feels to work and learn here. The school provides training for all staff in Educational Transactional Analysis, which involves the study of relationships and human interactions within an educational context. All new staff complete the introductory certificate in Transactional Analysis (TA101) with Giles Barrow, an internationally renowned TA trainer, coach and expert in the educational implications of TA theory.

We are committed to providing the very best training and professional learning for our staff.

Early Careers Teachers

The provision for Early Careers Teachers at Ladybridge High School is supportive and nurturing, fostering a culture of growth and professional excellence. We recognise and value the role of ECTs and, as such, you will have access to a comprehensive and individualised programme of mentorship and professional development designed to help you flourish and develop into a confident, capable classroom practitioner.

We model our programme on nationally recognised models of best practice, and work with STAR Teaching Schools and the National Institute of Teaching to deliver the Early Careers Framework, giving you access to the latest educational research, leading experts, and regular opportunities to collaborate with other ECTs. We also work with several local Initial Teacher Training providers, so whatever route you have taken during training, we have a good understanding of your starting point and prior experiences and how to help ensure you achieve your career goals!

All of our ECT mentors are trained in effective mentorship and coaching, and we are proud of the fact that they are all enthusiastic, committed and passionate about their role. In addition to a Subject Mentor, your ECT team will include a Professional Mentor who will meet with you regularly to provide you with wider training, networking opportunities, and wellbeing support. You will have regular meetings and feedback with your Mentors to guide and inform your teaching practice and progression.

Beyond your ECT induction, there are a wealth of CPD opportunities to further grow and develop at Ladybridge, and many of our ECTs quickly move into positions of additional responsibility and leadership roles.

NPQs at Ladybridge

As part of our commitment to Continuous Professional Learning at Ladybridge, we actively encourage our teaching staff colleagues to apply to study for National Professional Qualifications (NPQs), working with Best Practice Network and Ambition Institute.

These are a suite of DfE accredited qualifications for school leaders, and those aspiring to leadership, designed to support their professional development. Colleagues can follow specialist pathways of Leading Teaching, Leading Teacher Development, Leading Behaviour and Culture, or Leading Literacy, as well as further pathways for senior leadership and headship.

Whilst these courses are fully funded by the DfE, as a school we support by providing any lesson cover needed to allow participants to engage with the course through face to face meetings, rather than remotely, or through coaching and mentoring meetings. In addition to this, we also allocate every participant an in-school leadership coach, who will meet with their coachee a minimum of six times throughout the duration of the qualification, in addition to the course coach allocated by the provider. That way, all leaders and aspiring leaders developing themselves through the NPQs have unlimited access to face to face support, guidance and coaching.

On completion of the NPQ, colleagues are encouraged to look at what their next steps may be, whether that be embarking on an NPQ in another specialism, or looking to move on to the NPQ for Senior Leaders. Whatever their choice, at Ladybridge, we place huge value on the importance of the professional learning of all staff and will actively seek ways to support colleagues in their development.

Leadership Programme

We run our own Leadership Programme, which combines [Leadership Matters](#) materials with reflection sessions, coaching and shadowing opportunities. All staff can access this programme, regardless of role or seniority.

External Partnerships

Strong external partnerships help to support and enrich our work. We are members of the [Bolton Learning Partnership](#), which provides many opportunities for professional learning and sharing best practice locally. We are also part of a national network of schools through [Big Education](#), called the [Next Big 10](#). Many of our real world learning experiences have been made possible through working with the [Comino Foundation](#). Comino partnerships have enabled our learners to gain work experience at McCanns advertising agency, pitch ideas to ITV executives and work with partners such as the Whitworth Gallery and the Manchester University to name just a few examples.

Looking beyond the boundaries of the school gates have also led to the creation of our Learning for Life (LfL) days, where staff get to develop and share interests and passions with learners through an incredible variety of enriching, expansive and exciting learning experiences. The LfL days from last year can be seen [here](#). You can also get a flavour of what happened this year through our [Instagram](#), [Twitter](#) and [Facebook](#) pages.

Ladybridge
High School

Job Description

Lead Practitioner in Real World Learning

Job Title	LEAD PRACTITIONER IN REAL WORLD LEARNING
Status	PERMANENT CONTRACT
Pay Range	LP RANGE 4-8

Specific Responsibilities

Ensure high-quality teaching & learning and engage in curriculum development

- Develop and share ideas and best practices to improve the quality of teaching and learning in Real World Learning and Project-Based Learning across the whole school.
- Work with other departmental areas to enable the learning in school to connect with the real world.
- Model high-quality lessons that lead to strong academic learning and the development of wider qualities that help our learners thrive in their future lives.
- Model lessons that encompass the T&L elements of the Ladybridge Trivium in Enterprise and Computing, which are:
 - Clarity through explanations, stories & modelling
 - Responsive teaching strategies impact planning
 - Repetition & spaced retrieval practice
 - Real life experience and experimentation
 - Debate, question and challenge
 - Enquiry, problem solving & reflection
 - Public performance & extended writing
 - Presentations, exhibitions and vivas
 - Exemplify Ladybridge qualities and beliefs
- Teach across the subject disciplines across Key Stage Three, and Key Stage Four in Enterprise or Computing.
- Lead collaborative planning and training to improve the effectiveness and the efficiency of teaching and learning.
- Participate and lead the professional learning cycle of input sessions, collaborative planning, peer observation and reflection.

- To ensure that the curriculum offered contributes to providing a Trivium approach to education. See the The Ladybridge Way on the school website.
- Model forming and maintaining positive relationships with learners and colleagues.
- Model high standards for behaviour and attitudes. Use school and departmental systems to promote these high standards.
- Demonstrate and model having high expectations of learners, and challenge underachievement with both learners and colleagues of underperforming learners.
- Contribute to the department's policy for feedback ensuring that there is a strong focus on responsive teaching.
- Support the Head of Department and other colleagues in the development of the curriculum in order to improve learning and teaching.
- Engage in professional learning activities including whole school training and independent reading and research.
- Actively seek and engage in professional courses which develop subject knowledge and pedagogy.
- Keep up to speed with developments in Computing, ICT, and Enterprise education and routinely share these with the department.
- Use data to identify any learners or classes who are under-achieving and implement and monitor timely interventions.
- Set targets and provide assessment data as part of the whole school and departmental assessment policy and procedures.
- Have a positive attitude to departmental and school wide monitoring and evaluation, seeing all feedback as an opportunity to learn (see Ladybridge Beliefs).
- We also expect teachers to complete all administrative tasks in a professional manner and to meet all the Teachers' Standards (updated 2013) as contained in the DfE document found here: www.gov.uk/government/publications/teachers-standards

Work Positively and Supportively With Others

- Be a visible leader and support colleagues with behaviour management.
- Contribute to the management of the department as required to support the Head of Department.
- Provide constructive feedback to colleagues following observation.
- Contribute to the department or whole school showcasing.
- Work with colleagues on the moderation of work and assessment.
- Support and contribute to whole school and cross curricular initiatives relating to both key stages.
- Be fully committed to the departmental extra-curricular offer.
- Co-ordinate the sharing of teaching and learning strategies across the Computing and Enterprise team, including through leading department planning meetings.
- Be a beacon of excellent teaching, with an 'open door' policy to support colleagues in Computing and Enterprise.
- Assume the role of line manager, sharing responsibility with the Head of Department for the Performance Management of colleagues within the department (if required).
- Assist in and lead some aspects of departmental quality assurance.

Develop the Learning Environment

- Actively promote high quality displays in classrooms and corridors which support teaching and learning.
- Produce bespoke learning resources which support learners within lessons.

Beliefs, Mission and Qualities

- To share the Ladybridge beliefs that:
 - Learning is for all
 - Learning changes lives
 - Honesty promotes learning
- **To contribute to achieving the mission of Ladybridge High School which is:**

The mission of Ladybridge High School is to ensure all our learners develop the knowledge, sense of direction and moral purpose to thrive in the future. The success learners experience at Ladybridge will instil the self-belief and resilience required to overcome challenges in life. Our young people will leave Ladybridge as good citizens who are ready to make a positive contribution to their communities.
- Lead by example - with integrity, creativity and clarity – along with the Ladybridge WISDOM qualities of Respect, Commitment, Curiosity, Kindness, Teamwork and Resilience.
- To have a relentless drive and determination to provide the very best, rounded education for all Ladybridge learners.
- To passionately share a belief in our 'Trivium' educational philosophy.
- To passionately share the belief that we will achieve very little as a school without strong relationships across the school community.

Promote the School and its Community

- Contribute to the provision of after school clinics and clubs and other extracurricular activities, events, visits, trips etc.
- Jointly lead on the departmental preparations for Open Evening.
- Build links and engage in events with partner schools, including primary schools.
- Lead the school's involvement in Enterprise competitions and events, with a view to raising the profile of Enterprise across the school and wider community.

Safeguard All Learners

- Work within the school's rigorous Safeguarding procedures.

Additional duties

- To engage actively in the Professional Learning and Performance (PLP) process.
- To undertake any other duty as specified by School Teachers' Review Body (2015) not mentioned in the above.

General Information

As with all job descriptions it may be necessary to undertake any reasonable task required, and sometimes at short notice, that is not described here. All staff need to be aware of and practise the current Health and Safety regulations in accordance with Government, Local Authority and School policies. The post-holder is expected to be part of the whole-school staff team and to be able to use his/her initiative. The ability to respond positively to ever-changing and demanding circumstances is essential.

This job description may be amended at any time following discussions between the Headteacher and the post holder and will be reviewed annually as part of the school self-review programme.
