We 'teach to the top' to ensure that students are challenged in all lessons. Staff are reflective and committed to continually developing their own practice.

- Ambitious for students and for themselves
- A reflective practitioner, always striving to be the 'best they can be'

In August 2022 our Science results were outstanding, 83% of our students gaining 4+, 63% at 5+ and 19% achieving 7+. Progress 8 scores have consistently been outstanding at 0.50+ or better, including August 2022 where the progress 8 score was + 0.56.

Science is taught across 12 full equipped and resourced labs, all with Smartboards, visualisers and exceptional technician support.

Students in Y7 and Y8 follow an ambitious two-year curriculum, where core knowledge and skills are learned and developed. At KS4, students follow the AQA Combined GCSE specification starting in the Autumn of Y9, focusing on the transferable skills required for success. In addition, a large number of students opt to study the AQA Triple Science specification.
