### MAIN PURPOSES OF THE JOB

As a Learning Coach you will play a central role in ensuring the very highest expectations are achieved for all young people, with a positive proactive attitude to finding ways through for every child, in line with the ethos and vision of the Trust. It will be your mission to:

1. Assist class teachers and school leaders in ensuring the very best learning experience for children and young people in our trust schools,
2. Carry out the duties of a Learning Coach, placing the focus on each child as a unique and incredible individual, who is part of the collective Avanti family.
3. Demonstrate a passion for learning and education, striving to develop our children, yourself and others around you in our ongoing pursuit to enable each other to be the best we can be.

As a Learning Coach, you will be working with a range of children and young people, at the direction of teachers and senior colleagues. We believe in inclusive mainstream classroom provision where adults flexibly support all children to access a broad and balanced curriculum. Most learning will take place in the classroom, supplemented by small group targeted interventions and some individual learning and support for identified children. This will mean that each working day may be different and that the ability to form strong relationships with a range of colleagues and children, each with their own unique needs and amazing personalities, will be vital to being successful in the role.

Through providing individual, small group and whole class support, flexibly responding in the moment to individual and whole class needs, your role as a Learning Coach will contribute to creating the inclusive, high achieving and connected Trust that we want each child, parent and colleague to experience.
