

Teaching Assistant (TA2)

Application Pack

Welcome to INOVA Multi-Academy Trust and thank you for your interest in joining our organisation. I am the Chief Executive Officer, and I feel incredibly proud to lead such a wonderfully diverse group of schools, that have people at their heart.

At INOVA Multi-Academy Trust, our vision is clear and unapologetically ambitious: Transforming lives through the power of learning. We are a values-led Trust, committed to Innovation, Collaboration, and Excellence. These principles guide everything we do – from the way we educate and support our learners, to how we develop our staff and engage with our communities.

Each of our schools is unique, shaped by its local context, and we are proud to celebrate that diversity. But what unites us is a shared commitment to equity, high standards, and the belief that every child – regardless of background, need, or starting point – deserves a brilliant education and the opportunity to succeed.

At the heart of INOVA Multi-Academy Trust is a people-centred culture. We believe that when we invest in people, we invest in futures. That's why we have created a Trust model that is agile, responsive, and grounded in trust – one that removes unnecessary noise from schools and enables Headteachers and staff to focus on what really matters: the young people we serve.

Our central teams provide high-quality support and challenge, reducing workload and unlocking capacity at school level. From curriculum development and inclusion, to safeguarding, wellbeing, and digital transformation, we direct more resources where they matter most – into classrooms, into staff development, and into building futures full of possibility.

We also believe in doing things differently – whether that's through our Institute of Talent, our evidence-led school improvement strategy, or our collaborative leadership networks. We don't just strive for compliance – we strive for brilliance.

As CEO, I have the privilege of working alongside a deeply committed team of leaders, educators, governors, and support staff – all of whom share a common purpose: to unlock potential and create opportunity.

As a prospective staff member, or simply interested in our work, I invite you to explore our Trust and connect with our journey. Together, we are building futures worth believing in.

Thank you again for your interest in joining us and the best of luck with your application.
