Staff at Orleans Park are committed towards meeting the needs of all students including those with special educational needs. The school uses a variety of interventions to help remove the barriers that students with SEN experience with their learning.

The staff work hard to raise student achievement across the school and the learning support department plays a key part of this.

The department is one of the largest in the country with 65 students having EHCPs and a significant number of other students needing support. Our students have a very diverse range of needs, some being very complex, including students with specific learning difficulties; moderate learning difficulties; Social, Emotional and Mental Health (SEMH); Communication and interaction needs; Speech, language and Communication Needs; Autistic Spectrum Disorder; Visual Impairment; Hearing Impairment; Physical Disability; Down's Syndrome and physical disabilities.

The school also has a dedicated enhanced provision for 12 students with EHCPs whose main presenting need is specific learning difficulties. This provision is run by a specialist manager and supported by specialist LSAs.

The school assesses all students on entry using a variety of screening methods and their progress is tracked to ensure appropriate progress is being made. Students with SEN are included in this tracking process.

The learning support department has developed a range of strategies to support our students in making progress appropriate for their abilities. These are shared with all teaching staff to support them in supporting students with SEN in their classes.

Within the department there is the SENCO, Deputy SENCO, ELSA, one specialist learning support teacher and 20 LSAs and HLSAs who support students with more complex physical and medical needs.
