Oak 
Learning Partnership

Inclusion is at the
heart of our trust

Introduction to Our Trust

Dear Candidate,

Thank you for your interest in this post at Oak Learning Partnership.

Our trust is a cross phase partnership which consists of primary, special and secondary schools. We have a vision to create a family of world-class schools who transform the lives of young people. The shared principles of our schools have aligned ways of working whilst still retaining their individuality. We are ambitious, supportive of one another and we look to achieve excellence in inclusive education. 'Inclusion is at the heart of our trust'.

Our schools work closely with one another: they collaborate with purpose, support each other, and share collective systems across both educational and business provisions. But it's also important to us that each school has their own identity and individuality. We make sure we focus on impact and ensure clarity and consistency from our leaders, always making sure common sense is at the heart of our decision making.

One of our shared principles is 'our people matter', we understand that we can only achieve our vision by recruiting the right people and providing them with the support, training and time they need in order to allow them to flourish and be the best they can be. Whatever role an individual undertakes within our organisation, they are contributing to our collective aim of transforming lives. We invest heavily in our people ensuring they feel valued and their well-being is always considered. We understand that if staff feel valued and if the impact they are having is recognised, they can perform at their best.

We are laying strong foundations for growing the Trust and with this, will come multiple development opportunities for our staff. We are committed to making a difference on a wider scale, whilst continuing to build on our current strengths. Above all we are a values driven organisation and we are passionate about doing things in the right way with deep integrity.

If you want to make a difference to young people, want to work in a values driven environment, and this role applies to you, we would love to hear from you.

Our Shared Principles

We expect all staff at Oak Learning Partnership to embrace our Shared Principles:

Values-Driven

We are a deep-rooted values-driven organisation and we are passionate about working with integrity and honesty, showing respect and kindness for everyone while ensuring we deliver the best education for our pupils. We understand that by creating environments with strong core values everyone thrives.

All of our schools have their own core values which are taught and lived. These are important to us as they feed into our values-rich wider trust family. We also recognise that each school's core values are an important part of their individual identities.

An Exceptional Education for All

Central to our vision as a partnership of schools is our aim to run exceptional schools which deliver excellent outcomes for all learners. We are an organisation which is a beacon for strong inclusive practice. We share a common language around the curriculum and pedagogy. Our schools tailor their approach according to their context. We provide a framework of educational support centrally which helps our schools in their improvement journey. The staffing structure allows us to be flexible in the models of support which we can offer, and we can create new models of support that work for individual schools.

Identity and Individuality

We are passionate about working in partnership as a group of schools, working together to increase capacity and creativity for all. We recognise the collective benefits that this collaborative approach brings. We are also committed to each of our schools having autonomy in many aspects of their work and we are resolute that each school will retain its own identity and protect its history. Leaders in our schools are well-supported and we understand that their autonomy and accountability are vital factors in securing the strong performance of their schools.

Our People Matter

We ensure that our people are highly valued. We are committed to developing people at all levels. Whilst experience and qualifications can be important, our priority is recruiting people who want to make a difference, who share our values and vision, and who have the right attitude. We invest in the professional development of our people, offering opportunities across our schools. We value all of our people; our passion for inclusion is reflected not only across learners but across staff and we ensure that we support their well-being.

Collaborate with Purpose

Our strength comes from our alliance of primary, secondary and special schools and we look to learn from one another. Our schools are committed to collaboration both within our group of schools and outside, and where approaches are having an impact these are shared and applied to other contexts within the partnership. Our schools actively support one another and so all benefit from the partnership. Strong central systems provide high quality support for all schools.

Focus on Impact

We concentrate on the things that work rather than merely ticking boxes. We recognise that more often than not, keeping things simple and doing them consistently well makes the biggest difference. Our centralised support around business functions allows school leaders to focus on their core purpose - delivering an exceptional education.
