Ark Victoria Academy provides pupils with a unique journey in their education through the curriculum, the wider student experience offer and the vast range of opportunities that we are able to provide as an all-through school. Whilst being a large school, we are able to retain a family feel to nurture our pupils through their schooling and ensure that they leave us with the skills and qualifications to continue their journey of life-long learning in a university or career of their choice.

It's for this reason that Ark Victoria Academy was judged 'Good' by Ofsted in May 2019, with a strong emphasis on expert subject knowledge from our teachers, strong teaching and leadership and a focus on excellence for our students and staff.

Do you want to be an integral part of our success story?

As Lead Practitioner of Maths, you will develop, lead and manage the effective delivery of an outstanding curriculum, which enables the highest level of student progress and attainment in Maths. You will lead a professional community of teachers and promote outstanding teaching and learning and a strong school culture within a nurturing and rigorous environment.

Key Responsibilities

Leadership and management (with the support and direction of the SLT)

- Enable all maths teachers to achieve expertise in teaching and planning, through coaching and support, as well as through the provision of CPD and inset training days
- Assist the Principal and Deputy Headteacher, in monitoring, evaluating and continually improving the quality of planning, teaching and learning, and assessment of all members of the Maths team
- Develop strong partnerships and ensure regular communication with parents and carers

Improving Teaching & Learning

- Design, oversee, monitor and evaluate an engaging and challenging curriculum that inspires children and develops their skills and knowledge, while identifying clear targets, timescales and success criteria for its development
- Model outstanding teaching and lead collaborative planning and development, including the sharing of resources and best practice within the department
- Ensure continuity and progression in the Maths aspect of teaching by supporting colleagues in choosing the appropriate sequence of teaching and teaching methods and setting clear learning objectives through an agreed scheme of work
- Monitor the work of the department through rigorous and regular lesson observations, work scrutinies, and provide detailed, constructive feedback

- Use data to inform teaching and learning, identify areas for intervention and provide feedback to students, staff and families in order to promote progress and outcomes
- Manage behaviour effectively to create a safe, respectful and nurturing environment so that students can focus on learning
- Work collaboratively with both school and network colleagues as a committed team member, building successful, high performing teams
- Participate actively throughout the network, by attending relevant meetings, and, as appropriate, delivering network-wide training and initiatives
- Work with colleagues, students and families to develop a strong school community

Other

- Actively promote the safety and welfare of our children and young people
- Ensure compliance with Arks data protection rules and procedures
- Liaise with colleagues and external contacts at all levels of seniority with confidence, tact and diplomacy
- Work with Ark Central and other academies in the Ark network, to establish good practice throughout the network, offering support where required

This job description is not an exhaustive list and you will be expected to carry out any other reasonable tasks as directed by your line manager.
