Natalie Aveyard,

The Bramble Academy

The Bramble Academy is an amazing primary school with an exciting and innovative curriculum, one which uses the novel study approach within an immersive learning environment.

The school provides an extremely ambitious and fantastic environment for pupils, with excellent outdoor learning opportunities. Located in Mansfield Woodhouse, The Bramble Academy is a one form entry primary school that sits in the heart of the community (169 pupils, 3-11). The academy fosters a love of reading, whilst developing creative and curious learners who are eager and excited to be in school.

Curriculum

Children are encouraged to explore, discover and question through a range of exciting learning opportunities both within and outside the classroom. An exciting and innovative curriculum and learning environments which transform the way the children learn. Pupils follow a novel for a half term and all of their work is linked to elements of this text, including the classroom in which they work. This allows them to engage and immerse themselves fully in a way that facilitates growth and imagination while developing moral, social and cognitive advancement. Interwoven into this are the Bramble pledges where compulsory curriculum experiences open a wealth of opportunities for all children linked to what they are studying. We very much feel that all children are entitled to a variety of experiences, opportunities and visits to support their learning, knowledge and understanding.

The curriculum has literacy and numeracy skills at its core and is designed to recognise children's prior learning, provide first-hand learning experiences, allow the children to develop interpersonal skills, build resilience and become creative, critical thinkers.

The Heart of the Community

The Bramble Academy is at the heart of its community. The school works alongside families and the local community to ensure that children can be the very best versions of themselves and turn into responsible citizens of the future. The curriculum embraces the community in which it is situated, recognising local history and heritage as well as geographical and business links.
