About Esteem Multi-Academy Trust

Esteem MAT was formed in 2018 and now consists of 14 academies from the East and West Midlands. Many of our pupils have special educational needs and/or disabilities or are disadvantaged. Therefore, inclusion is our watchword, and our vision is for Esteem to be a learning community of excellence for SEND and alternative provision in the Midlands. However, we want mainstream schools to join us too as they have many pupils with SEND or who are disadvantaged. We want all our pupils to achieve their full potential whatever type of school they attend.

Our vision is to be a Trust that:

- Leads and supports our academies to provide the highest standards of education and development for all our pupils
- Enables academies with a shared sense of purpose to benefit from alignment whilst maintaining individuality
- Provides a strong, collective voice for our academies at a local and national level
- Delivers support and SEND expertise to our academies and to other schools and local authorities

Our vision will be delivered via our three core strategic aims. Everything we do should be ultimately focused on doing these three things well:

- We will provide an ambitious, inspirational, bespoke education, setting the foundation for the future and ensuring our young people are ready for the world.
- We will deliver high standards and value for money from our support services, resources, estate and technology.
- We will invest in and support our people, exploiting opportunities for collaborative, continual professional development, sharing of expertise and best practice

Our people are our most valuable resource. We invest in them by providing high quality specialist training, opportunities to collaborate and develop their careers within Esteem.

We greatly value each school's unique identity, which reflect the diverse needs of the pupils. It is also important to us that our pupils feel they belong to their school community. This is why we believe that our schools need strong leaders and governors who understand their local context. Being part of a family of schools in a trust brings the added benefits of support and collaboration. About Holbrook School for Autism

Holbrook School for Autism provides specialist education and care for students with a diagnosis of autism aged 4-19, split over two sites in Holbrook and Belper; there are currently 157 students on roll. We also have a residential facility based at the Holbrook site that provides accommodation for up to 28 students a week, 7 per night, Monday to Thursday term time only.

The main cohort of our students have autism with profound learning difficulties and can present extremely challenging behaviour. The academy practices 'Team Teach', a holistic approach to behaviour support and interventions.

In addition to the main school, we also have a provision known as 'The Hub', which supports primary aged students with autism who can be working at age-related expectations. These students are currently unable to access mainstream school due to complex needs and behaviours and may have additional mental health needs.

Based in a rural area, Holbrook site has expansive grounds housing specialist climbing equipment for the younger students, trampolines and outdoor gym equipment. It also has access to a wooded area enabling us to provide Forest Schools.

The Belper site accommodates six classes of students aged 14-19. The town location allows for community cohesion, work experience opportunities and has good access links enabling students to participate in travel training.

We provide a personalised curriculum, designed to address the holistic needs of our students. Students have identified differentiation as part of their 'My Plan' and individual timetables as appropriate, as well as working on the key skills of literacy, numeracy, and all the national curriculum subjects.

Situated in Derbyshire, most of our students live within the county including a significant number from Derby City. We also accept a small number from Staffordshire and Nottinghamshire.
