LINTON VILLAGE COLLEGE, Cambridge Road, Linton, Cambridge, CB21 4JB
A comprehensive 11 – 16 Academy of 835 students

Principal: Helena Marsh, MEd

Part-time Teacher of Mathematics

Main Scale/UPS

Required for January/September 2023

We are seeking to appoint a dynamic, enthusiastic and ambitious part-time teacher of mathematics. This is an opportunity to join an experienced Maths team on an excellent trajectory for improvement, in a supportive school environment.

In 2022, 81% of Year 11 students at Linton Village College achieved 4+ in GCSE Maths, 64% achieved 5+ and 36% achieved 7+. We're especially proud of the 27 students who achieved a grade 9 and our progress figure of +0.31. Nevertheless, we are seeking to raise achievement with a specific focus on lower attainers, disadvantaged students and those with SEND.

We are seeking a talented teacher to join us on our journey for improvement. The successful candidate must be passionate about developing Maths pedagogy and dedicated to supporting each individual learner to succeed. They must be a positive, collaborative individual who will contribute to high standards and a culture of excellence and innovation. We welcome applications from early career or established teachers. A recruitment and retention incentive and/or whole school TLR and/or part time hours may be available to secure a suitable candidate.

Linton Village College is a high-achieving comprehensive 11-16 school at the heart of its local community. Ensuring a high-quality education for all of our students on a daily basis is our core priority. This is underpinned by a culture in which strong relationships, effective pastoral care and personal development opportunities are of paramount importance. We are committed to offering enriching learning experiences and we strive for educational excellence. We have very high expectations and provide a nurturing, friendly and supportive environment in which everyone can thrive and achieve.

We support colleagues' professional learning in national programmes as well as through a broad in-school and Trust-wide training offer. We also enjoy strong links with primary partner schools, sixth form colleges and the Faculty of Education at the University of Cambridge. Our membership of Anglian Learning provides further opportunities for career development and collaboration

To find out more about this vacancy, please download an application form and information pack from our website at www.lvc.org. We welcome contact from interested candidates to discuss the role. Please contact humanresources@lintonvc.org to make an appointment.

Applications must be submitted on the College's application form; CVs will not be accepted. Requests for flexibility in working arrangements/patterns will be considered. Closing date for receipt of applications is **9.00am on Monday 5th December 2022.**

All staff share a commitment to Safeguarding and staff in regulated activity will be subject to an Enhanced DBS Check and a barred list check and other checks may be requested if applicable. We value diversity and welcome applications from all, including those with protected characteristics under the Equality Act. Flexible working requests will be considered.

Dear Applicant

Teacher of Mathematics

Thank you very much for your interest in this position at Linton Village College. I hope that the information enclosed will encourage you to apply to join our dedicated team of staff and helps you to appreciate what makes Linton Village College a special place to work and learn.

College ethos

We are a relatively small 11-16 comprehensive secondary academy with around 835 students on roll. Our culture is characterised by an inclusive and caring ethos. At Linton Village College everyone is a learner and every learner matters. Opened in 1937 as the third of Cambridgeshire's Village Colleges, the school is still true to Henry Morris' founding vision for cradle to grave learning. We operate a community sports centre and adult education provision in addition to community users.

Location and facilities

Linton Village College is situated on the outskirts of Cambridge. Our students come from a large number of primary schools in South Cambridgeshire and bordering Essex and Suffolk villages, plus the town of Haverhill. There are excellent transport links and we have an expansive campus with lots of green spaces and some fabulous facilities including a beautiful library, science labs, dance studio and excellent sports amenities. Our staff and students also benefit from links with the Granta Special School that is co-situated on our site.

School culture

Having been a pilot school for the Relational Schools research project, we prize the importance of developing strong relationships between all members of the College community. As a close-knit staff, there is collaboration and support across departments. We are people-centred and committed to having reasonable workload expectations of our staff (as showcased by the DfE) and access to high quality professional development. The four Linton Learner attributes are the qualities that we recognise, develop and promote in our students: independence, responsibility, curiosity and care. We have a strong safeguarding culture at the College.

Student profile

As Linton Village College has grown, its student demographic has diversified. Our cohort varies year on year but is typically above national average with a significant proportion of higher-attaining students. Our intake is very comprehensive and in recent years we have attracted more students with acute SEND. Some have benefited from bespoke provision with the Granta Special School while others have needed more in-house modification to meet their needs. The proportion of students eligible for the Pupil Premium is lower than the national average (around 11%). We have relatively few EAL students.

Pastoral care

The care and support on offer to students is a strength at Linton Village College. Each student is a member of a horizontal tutor group within a vertical House. The form tutor plays an integral role in offering pastoral care and supporting educational success. A Support Hub houses the five Heads of Year and a range of other colleagues with specific pastoral expertise including an inclusion and safeguarding team, caseworkers and a counsellor. This team works in partnership with the SEND team in our Henry Morris Centre.

Academic success

The College has maintained above-average levels of attainment and progress over a number of years with Progress 8 results of around/above +0.3 since the introduction of this measure. We are consistently within the top 25% of all schools nationally. In 2019, all students achieved positive value added, including

vulnerable groups, with exceptional outcomes achieved in Science and Art. We are keen to sustain this success and strive for even stronger outcomes and to close achievement gaps, particularly in Maths, for SEND students and low/middle prior attaining boys which are areas of relative underperformance.

Enriching education

We value the importance of a holistic education. Students at Linton Village College benefit from a wealth of enrichment activities including trips and visits to support the curriculum (particularly in STEM subjects and careers education) in addition to a thriving extra-curricular programme. A 5-day enrichment week in the summer term enables all students to engage in cultural opportunities beyond the classroom – the ambition is for every Year 9 student to experience a residential excursion. There are plentiful lunchtime and after school clubs on offer and we are also proud of our exceptional provision in the Arts.

Professional networks

We joined Anglian Learning Trust on 1st April 2020. Membership of this local, community-focused and like-minded group of schools affords us lots of opportunities for professional development and school improvement. Our staff body benefits from accessing training through The Cambridge Teaching Hub and through membership of Whole Education. We also have close links with the University of Cambridge and other teacher training providers as well as our local primary schools.

College Improvement priorities

Our College improvement plan centres on the importance of achieving consistency in the quality of educational provision:

- achieving an ambitious curriculum experience for all students in all subjects;
- embedding consistent and effective behaviour for learning across the school;
- ensuring that SEND teaching and provision enables all students to be successful.

It is my seventh year as Principal and it is a privilege to lead the College. However, there is much to be done to ensure that Linton Village College continues to be a vibrant, high-performing and successful school that meets the needs of all of its learners. I hope that you feel inspired to join us and play an integral role in the College's improvements.

Thank you, in anticipation, for the time you will give to your application.

Yours sincerely

Helena Marsh
Principal

THE MATHS DEPARTMENT AT LINTON VILLAGE COLLEGE

Philosophy and Ethos

Students are at the centre of everything we do. We are committed to principles of mastery and growth mindset, and therefore believe that all students can make excellent progress and experience success in Mathematics. We utilise mixed-attainment groups across all year groups and deliver well-differentiated lessons so that all students are appropriately challenged.

The study of Mathematics is incredibly valuable to our students. Most of our students follow academic post-16 pathways where Maths GCSE is an essential pre-requisite qualification. Maths is also an incredible life skill and directly applicable to vocational work. We do not shy away from the fact that Maths is in itself an interesting, challenging and satisfying field of study. It need not be practical or applicable to real life to be worthwhile.

Maths teachers at LVC work collaboratively so that each individual resource is planned to an incredibly high standard. Lessons, home learning tasks and assessments are shared centrally, and students receive a consistent learning experience across different teaching groups. Every member of the team both contributes to and benefits from our collaboration; no Maths teacher works in isolation. We meet regularly to reflect on our work, explore pedagogical approaches and develop our curriculum.

Whilst we develop much of our materials in-house, we aspire to be an outward looking team. We connect with the local and national Maths teaching community for inspiration. We maintain a Maths Department library, encourage attendance at Maths Conferences and seek out a variety of online sources to ensure our practice is constantly evolving. We hope any new addition to our team would share our passion for life-long learning.

Our Team

The Department currently consists of seven full-time or part-time specialist teachers. This includes coordinators for KS3 and KS4, the Head of Maths who is also an Assistant Principal, and the Deputy Principal. We are a strong, stable team with an exceptional amount of experience. The Department is based in five dedicated Maths classrooms, all with large touch-panel displays and student whiteboards around the room. Wireless networking is used through the school site and staff are issued with laptops.

There is a strong commitment to professional learning for all staff within the Department and we host trainee teachers from The University of Cambridge and beyond. We are heavily involved with the Cambridge Maths Hub. We continue to take part in the Cambridge Maths Hub Mastery Programme, and our Head of Maths took part in the inaugural year of the England-Shanghai Teacher Exchange Programme in 2015. These experiences contribute significantly to our department ethos and ongoing curriculum development. We also have a great tradition of developing the careers of Early Career Teachers and there are always development opportunities either within LVC and more broadly throughout Anglian Learning.

The Curriculum

Our curriculum is carefully designed to provide a meaningful progression from KS2 through to GCSE and beyond. Our approach includes principles of mastery, and we generally choose to spend more time on individual skills which we then visit less frequently.

At GCSE we offer the option of Statistics GCSE and Additional Maths FSMQ. This provides further challenge and enrichment, particularly for those intending to study A-level Mathematics.

Extra-Curricular Activities

Individual and team Maths Challenges are promoted to all year groups. This includes those offered by the United Kingdom Mathematics Trust (UKMT) and the Advanced Mathematics Support Programme (AMSP). We are proud to be the hosts of the annual Year 10 Maths Feast, a team challenge organized by the AMSP.

Job Description: **Teacher of Mathematics**

We are committed to safeguarding and promoting the welfare of children, young people and vulnerable adults and we expect all staff to share this commitment.
