Dear colleague,

Thank you for your interest in our temporary vacancy for a part-time Teacher of Maths. We are looking for a passionate, innovative, and dedicated subject specialist to join our thriving Maths team for the autumn term of the next academic year, from September until December 2025.

Ranked the 45th best state secondary school nationally in the recent Sunday Times Parent Power Survey, we take pride in offering students an inspirational environment. We provide high quality teaching and learning, strong pastoral support and a wide range of extra-curricular opportunities within a caring environment that values character development and wellbeing. Our students are highly motivated, have a thirst for knowledge and a desire to learn. Whilst we have a long history of excellent GCSE and A-Level results, we provide students with so much more than mastery of examination syllabuses; we have a wide ranging and developing super-curricular offer. Our vision is for all students to have a love of learning, a positive and resilient approach with a strong sense of community. Every individual will be encouraged to be aspirational, prepared for their future and inspired to make a difference.

Our culture is one which celebrates the diversity of the school's intake and through the assembly, tutor time and Personal Development programme we build an understanding, kind and respectful ethos. Our wide variety of extra-curricular activities enable students to develop their existing skills, discover new ones and broaden their horizons. There are numerous opportunities including sport, music, drama, DofE, STEM, various student led clubs and many residential trips, including CERN, World Challenge expeditions to Tanzania and ski trips to Canada. Our students are drawn from across the city of Birmingham, with many travelling long distances to be a part of Sutton Girls.

These are exciting times for the school; we have fantastic results, and we continue to reflect on ways we can improve and support students to make further progress and realise their ambitions. We are embedding a culture of development across the whole staff. There is a wide variety of CPD that colleagues can opt into, teaching and learning sessions are included in most staff meetings, and these are led by a variety of colleagues. We are informed by educational research; this year we are focussed on increasing student engagement and participation by developing our questioning, using positive language and modelling constructive responses to mistakes. We are continuing to refine our approach to assessment, monitoring and intervention and are embedding the VESPA approach within our Sixth Form. Growth mindset strategies and character development are central to our day-to-day activities as we continue to enhance our practices whilst maintaining staff and student well-being.

Please visit our [website](#) to find out more about life in our Sixth Form and discover the opportunities we offer. This link to [our Spring 1 newsletter](#) gives you a flavour of what has been happening in school recently. Having joined Sutton Girls in September 2017, I can testify to the fantastic support offered to new staff, with the formal induction programme and buddy system alongside the daily informal help readily offered by colleagues to each other.

Thank you for taking the time to consider Sutton Coldfield Grammar School for Girls; we look forward to receiving your application.

Yours sincerely,

Dr B. Minards
Headteacher

The Mathematics Department

The successful candidate will have a passion for Maths which they can communicate to students and be able to teach in an imaginative and effective way that enables every student to be confident and successful. We provide a range of extra-curricular experiences, and along with the taught curriculum, encourage students to be aspirational and have a life-long love of the subject.

At GCSE and A-Level, the Edexcel specifications are followed with considerable success, as can be seen in the cumulative tables below. Years 7 to 9 are taught in mixed attainment groups in a selective setting, while students are broadly set by levels of confidence in Years 10 and 11. Last year 93 % of students achieved Grades 9-7 (A*-A) in their Maths GCSE. Many students continue to study Mathematics at A-Level in the Sixth Form and last year, 53% of those students achieved A*- A.

The department is well resourced. All Maths classrooms have a desk-top computer, a visualiser and an interactive whiteboard. Laptops and iPads can also be booked for use in lessons. All department members have a 2 in 1 device which enables us to provide students with written feedback to use in lesson planning, delivery and in providing students with feedback electronically. We also offer many enrichment activities, including Year 7 Maths Club, Further Maths Club for Year 10/11 and Maths Challenges such as the Ritangle team competition for Sixth Form and the Junior, Intermediate and Senior Challenges from the UKMT.
