The Wensum Trust is seeking to appoint an enthusiastic and professional colleague to join our PE and Science departments at Alderman Peel High School.

As part of The Wensum Trust, we believe that our shared duty is to help every child to develop into high achieving, confident, healthy, caring and resilient members of their family and community. We want our schools to be healthy environments where both children and staff can develop and where strong, positive relationships are key. Our team ethos is central to our success and we would welcome applications from similar minded professionals. We can offer the successful candidate training for career progression, the support of a highly committed governing body within a forward thinking and successful trust. Our students are polite, well behaved and deserve the best.

- The successful applicant would be working with both Secondary PE (KS3) and Primary PE (Years 3-6), together with KS3 Science, mainly Biology.
- The role consists of approximately 80% PE and 20% Science.

Being a part of The Wensum Trust's family of schools offers employees unique experiences to work alongside our strategic partners and to collaborate with a wider network of staff. We believe in investing in employees as individuals, by providing training opportunities that help to develop both existing and new skill sets, to encourage career progression at all levels.

We care about bringing together the most able people, to help us achieve our vision of providing a rounded education for children, quality support for their families and opportunities to enrich our communities.
