

AVANTI GARDENS
Pre-school

Reimagining the purpose of education

Welcome to Avanti Gardens School, Bristol

On behalf of Avanti Trust, staff and pupils it is a pleasure to warmly welcome you to our community school in the heart of Fishponds, Bristol.

Avanti Gardens School is a two-form entry community primary school offering educational provision from Pre-school through to Year 6. We are extremely fortunate to be based on a beautifully spacious site that has historically been used as either a school or higher educational provision.

What makes our school truly unique is that we focus on three core pillars - Educational Excellence, Character Formation and Spiritual insight. These core values resonate within our school ethos and are evident in our wide, rigorous and unique curriculum. We follow the National Curriculum however it is enriched through our holistic approach.

This means our children are confident individuals who become fluent readers, writers and mathematicians. However, well-being and mindfulness is fundamental therefore yoga sessions form part of the timetable as well as sports - after all a happy child is one that will flourish and learn!

Staff and I put children at the heart of everything we do. Our mission is to prepare our pupils by providing the best possible foundation which will allow them to thrive beyond primary school. We also value our strong partnerships with parents/carers and continually work towards building relationships with the wider community.

If you are considering a place for your child in our Pre-school, moving to Bristol or looking to transfer from a local school I would urge you to come along to one of our Open Day events or tours.

Should you have any questions please do contact our school office either by phone **0117 9659150** or email - avantigardens@avanti.org.uk

Harry Penny
Principal

Our purpose is simple,
yet profound:

**To inspire spiritually
compassionate changemakers**

Our Beliefs

Realising potential

We believe we each have incredible potential which can be nurtured intellectually, emotionally, physically and spiritually.

Empowering choice

We believe that while we cannot always control our circumstances in life, we have the capacity to choose our responses; to respond with goodness and to nurture goodness within.

Strengthening interconnection

We believe all life is interconnected and therefore strive to care for and respect all life – human, animal and plant – living in a way that causes the least possible harm.
