We are seeking to appoint two Class Teachers to work at Castle Primary School. As we value learning, we are committed to these posts being for the full academic year to ensure consistency in children's learning. As we grow towards a 14-class school there are likely to be further opportunities available in Spring 2022 beyond the end of the contracts.

Castle Primary School is a vibrant and welcoming school, situated in Keynsham, between Bath & Bristol.

We are seeking enthusiastic, calm, consistent and committed teachers, who are passionate about both the children's and their own learning and development. A commitment to learning both within and outside of the classroom (including extra-curricular opportunities) is essential, as is the ability to fully support our school values and vision. Our children thrive with adults who are friendly, firm and fair.

A strength in one or more of the following would be an advantageous to the school's continued improvement journey: MFL, sports, forest school, playing an instrument in assemblies.

This is an opportunity to make a real difference to children's lives and futures. A chance to join a committed team, on an improvement journey, to offer the education all our children deserve to ensure they reach their potential.

We offer the support and encouragement of a committed team, access to high quality CPD and children who make you smile every day. We have invested substantial funds in resources to improve teaching and learning alongside managing teacher workload and a site that is continually improving in support of the curriculum we are currently developing.

If the latest guidance permits in Term 5, we encourage visits to our school prior to application. Please email office@castleprimary.uk to arrange a convenient date and time.
