At Matford Brook Academy, we write our story through the values of scholarship, kindness and community. As a Phase Leader, we need and will support you to be central to shaping that story, leading with ambition and compassion to ensure every child thrives academically and personally.

The role of Phase Leader is an important one in our growing school. This colleague would be responsible for the progress and development of pupils in a defined phase of our school, supporting them to confidently write this chapter of their lives.

We refer to our phases as 'Chapters', reflecting both our all-throughness and the importance of these stages for our pupils' educational story. Our Chapters are: Chapter One (EYFS), Chapter Two (KS1 to lower KS2), Chapter Three (Y6-Y8) and Chapter Four (Y9-11). All colleagues at Matford Brook Academy will be confident and experienced in either primary or secondary but will actively be involved with children of all ages. Applicants are not expected to have experience in all ages but will welcome the opportunity to develop this.

As Phase Leader, you will coordinate phase meetings with colleagues, generate and analyse data surrounding pupils' progress, and work closely with the Deputy Headteacher to identify and implement support plans as required.

As a classroom teacher, you will model excellence in curriculum, outcomes for all children and 'Planning For All', our consistent approach to adaptive teaching and planning.

This role is ideal for colleagues who are passionate about thoughtful and considered pastoral care, strong home-school relationships, high expectations for behaviour standards and ambitious educational outcomes for all children.

In reflection of our staff commitments, this person will commit to:

- Expecting and modelling the highest of standards
- Enabling high aspirations and realising potential for everyone in our community
- A culture of constructive feedback, immediate and for long-term development, and celebrating success
- Assuming goodwill and taking responsibility for how actions affect others
- Building, maintaining and strengthening relationships with all in our community
- Tenaciously empowering the participation of all

This role, as with all at Matford Brook Academy as a new school, will continue to evolve as our school grows. We are looking for dynamic, aspirational and committed individuals to join our team and be excited by the potential of our school.

Our professional development delivery model

Our professional development delivery is underpinned by our Education key concept (see page 8). We believe that professional development should build knowledge, motivate, develop techniques and embed practice.

At the Ted Wragg Trust, we are research informed and believe that it is important that everyone involved in sharing ideas understands the underlying rationale and evidence base. We ensure that professional development is:

Sustained	Practice-Based	Domain-Specific	External Expertise	Professional Buy-In
Frequency is critical, not time span	Create new habits	Create new habits	Challenge the familiar & refresh ideas	Purpose & benefits eclipse volunteering

We believe this slightly adapted model from 'Teaching Walkthrus 2', Tom Sherrington and Oliver Caviglioli is applicable to all professional development and will underpin the delivery of all our professional development networks, seminars and webinars.

Our Ted Wragg Standard

Our Ted Wragg Standard provides a **minimum set of high standards** across all our schools to establish clear structures, implement effective processes and hold each other to account to enable excellence. It is based on our three key concepts: Leadership, Education and Every Child Succeeds.

Key Concept: Leadership

We believe that great leadership:

Fiercely
educates

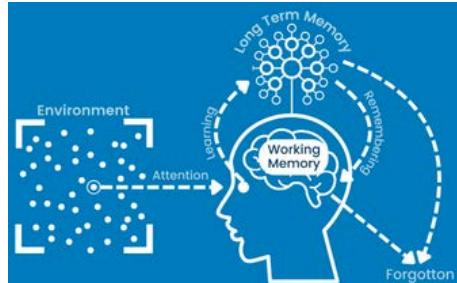

Thrives in a
complex system

Is locally
enabled

Key Concept: Education

We have a clearly defined and articulated learning model that is understood by all teaching staff. This model of the learning process uses the concepts of Working Memory and Long-Term Memory. It draws on ideas from Cognitive Load Theory and the work of Daniel Willingham.

Key Concept: Every Child Succeeds

We believe individual development is well explained using Maslow; that an individual grows in an ecosystem and can be interpreted using Bronfenbrenner's work, and that we are interdependent.

We believe that to enable our children to live a life of opportunity, we need to understand what true inclusion means. To us, our model is based on Maslow's hierarchy of needs and the Bronfenbrenner's ecology of inclusive education.
