

Woodford Halse

C.E. Primary Academy

Ready, Resilient, Respectful and Reflective

Short Description:

Intervention Teacher for 5 Mornings with allocated time for planning, preparation and assessment
Large village primary school with incredible space and ambitions needs you to help us push for more.

Description:

Forward thinking, courageous and prepared to go the extra mile.

If that is genuinely you, then we want you.

We are ideally looking for someone who can stand out from the crowd and join our school team.

We have been on a journey as a school from RI to Good, which in turn has led to considerable growth in our numbers, from 190 to over 300 on roll in 4 years and now want to see how much more we can push and challenge ourselves and the children in our care.

We are looking for an intervention teacher to work across classes who understands how much hard work goes into getting this job right and won't shy away from challenge and adversity to support our children who require a little additional support to reach their full academic potential.

We have a strong team to work with, who will help and guide you as you develop and also look to be inspired by you and your fresh ideas and thinking.

Whoever you are, if you feel you can deliver fantastic, creative teaching both inside the classroom walls and beyond in our huge site that includes a swimming pool, forest school and acres of space to play with, then come see us.

We embrace our no excuses approach, so if you are willing to come and join us and try things out, drive things forward, learn from your mistakes and build something special then this is your chance.

The role is a temporary contract from November 2021 til July 2022

Visits to the school are vital, because if you haven't seen us you won't understand what is special about our school and its community.

For more information and further enquiries please contact our School Office Manager Sonia Haynes on ms.haynes@woodfordhalseacademy.net or call the school on 01327 265900.
