Religious Education Department at Trinity

The Religious Education Department at Trinity School is a dynamic and knowledgeable team who want to inspire pupils with a love of religious knowledge, ethics, culture and philosophy. As a Church of England School all our pupils study GCSE RE, and the results are the highest across the school. Last year we had a record 10% achieve a grade 9. Pupils study the AQA curriculum and over the last few years we have developed a mastery system that enables all pupils to access the highest standards and be stretched and challenged in their understanding of the key themes. They are encouraged to question, critique and learn to share their point of view in an articulate and powerful way through the power of words.

We teach a rigorous, academic curriculum where pupils study challenging texts. Using insights from cognitive science, we believe that explicit instruction, deliberate practice, and a knowledge-based curriculum are the most effective and efficient ways to ensure that pupils make progress. Our teachers teach from the front, using their subject expertise to not only stretch pupils, but also to anticipate and preclude misconceptions and scaffold learning for those who are struggling.

As a through school RE is taught across the Primary and Secondary Phase. All pupils take the GCSE Religious Education at the end of year 11 with amazing results. All teachers at the primary phase teach RE, and use our knowledge organisers we have created to ensure the content is progressive and transparent for all pupils and staff. The secondary phase has a team of innovative practitioners committed to maximising student attainment through personalised learning. The team comprises of 4 enthusiastic, passionate, hardworking and dedicated teachers. We aim to create a positive attitude to RE and develop, maintain and stimulate students' curiosity, interest and enjoyment in the subject.

GCSE Citizenship Studies

GCSE Citizenship Studies is an optional subject at Trinity. Citizenship Studies is about how people take an active part in democratic politics and work together for a better society, locally, nationally and globally. Students will learn about power, democracy, the operation of government and the legal system, and the role of the UK in the wider world. They will explore and learn about different controversial and topical issues with political, social, ethical, economic and environmental dimensions in local to global contexts. They will experience taking citizenship action and learn from trying to make a difference themselves.

Postholder Responsibility of Active Citizenship

The postholder of active citizenship would be responsible for leading and overseeing pupil voice across Trinity, in addition to leading, managing and developing the House system.

We take workload seriously and our teachers are only asked to create resources that are reusable and sustainable. We grade summative assessments using comparative judgment, saving hours of time compared to traditional methods and resulting in massively increased reliability. Our everyday approach to marking is through whole class feedback and we do not expect extensive, unwieldy, and unsustainable written commentary in books.

The continuing professional development of all staff at Trinity is a priority. We are excited at the opportunity to welcome you to our staff Team at Trinity.
