Our philosophy is 'Building foundations for life' and everything we do with the children who attend our nursery school is working towards this goal whether that is providing enriching experiences, developing independence or teaching life skills necessary for the next steps in their journey.

Hungerford Nursery School is a maintained nursery school and provides education and care for children from 2 – 4 years old. Currently the number of children on roll is around 110 and we employ around 30 members of staff. The nursery school has been here since 1942 and in our current building for 20 years.

We are confident that, should you be successful, you would find this role and Hungerford Nursery School rewarding.

Our Nursery School and our future

At Hungerford Nursery School, we give all our children the very best start in life. We provide early education and care for children age 2-4 years old, balancing learning with health and wellbeing. We have a high focus on high-quality education for disadvantaged children and those with special needs.

As a Maintained Nursery School (MNS), we are funded and controlled by the Local Authority (LA) just like all other LA schools. We are led by a headteacher and employ qualified teachers as part of our staff. We offer a progressive, skills based curriculum, focusing on holistic development, play and outdoor learning, known for effectively supporting disadvantaged children and closing attainment gaps.

We operate during school hours on a term time only basis. We do offer a breakfast and after school club option for children who require wraparound care.

At Hungerford Nursery School, our vision is to inspire every child to become a confident, capable and curious learner. We are committed to providing a nurturing environment where early experiences lay the foundations for a lifetime of learning, well-being and success.
