About Matford Brook Academy

Our mission at Matford Brook Academy is to provide an excellent, all-through education that empowers children to believe they can, and should, change the world around them.

We summarise this in one mantra that is woven through the fabric of our school: at Matford Brook Academy, we write our story. We are providing a school with an excellent education and broad opportunities for our children, rooted in the core understanding that, in order for children to thrive both now and in their future, they need to believe that the greatest influence on their lives is themselves.

We are looking for someone who is excited by the potential of a start-up school, enjoying all aspects of what this offers and thriving through all stages from 'forming' to 'performing.' Our successful candidate will be someone who passionately wants to be in our founding team. With energy and ambition for this new school community, a flexibility and resourcefulness to manage any challenge that arises, and a commitment to creating a flagship school in the South West, we will 'write our story' together.

The Role

At Matford Brook Academy, we are a small but growing school. Now in our third year after opening, we are excited to grow our team in crucial roles that enable us in having the highest of standards for our children.

We are looking for a school technician to support our science, arts and health and nutrition departments. This needs to be an enthusiastic, motivated individual to deliver and supply a technician service to support teaching and learning across departments. This will include tasks such as preparing materials and equipment for lessons.

The successful candidate will have skills in one or more of the areas listed and must have qualifications in science, but also a willingness to develop across all disciplines.

This role is key to the smooth running of the school and will enable our ambitious curriculum to be delivered to all pupils. Training can be provided to enhance existing passion and expertise in any of the above areas.

If you are interested in what this role could look like for you, or have further questions about the day-to-day responsibilities, we would be pleased to discuss with you further.

Working at MBA is an absolute privilege. From the moment I heard about MBA's all through concept I knew it was somewhere I wanted to work, what an opportunity to be part of shaping the lives and education of young children right from EYFS to KS4.

Assistant Headteacher
(Science and Quality of Education)

We are a school where all staff build positive relationships with children, parents and visitors to the school, seeing this as fundamental to every child's success.

Working to improve the lives of children in our local community isn't just a job — it's the dream. At Matford Brook Academy, we get to live our values every day: showing up with kindness, pushing for scholarship, and building a strong, inclusive community. We write our story here — together. And that story is one of ambition, heart, and belief in what's possible for every child.

There's a shared drive in our team: to do things differently, to do them better, and to lead the way. We want to be a lighthouse — not for recognition, but to light the path for others. To show what happens when you put children first and challenge the status quo on education inequality.

This is bold, meaningful work — and we're just getting started.

Working at Matford Brook Academy has been incredibly rewarding. I have only been at MBA since September, but I have never felt more supported in a role. MBA is such a close-knit community, where every pupil, and member of staff is known and valued, and where your contributions matter and professional growth is encouraged, and supported!

PASTORAL SUPPORT MENTOR

We reflect this through the Values of Scholarship, Kindness and Community. You can read more about our Values on our website.

The Ted Wragg Institute

We want to ensure that our people feel **invested** and **fulfilled in their role** by providing personalised, relevant and engaging professional development. Our brand-new **Ted Wragg Institute** (TWI) delivers our **high-quality development** offer for all, across our family of schools.

Our incredible offer includes Trust CDP, Leadership Development, Networks, Cohort-specific training and NPQs. Take a look at our offer this year here.

Early Career Teachers

If you are an Early Career Teacher you will benefit from our tailored Early Career Framework combining weekly instructional coaching, asynchronous independent learning, online 'clinics' and in-person conferences. With a dedicated mentor or coach and access to supportive networks the ECTs in our Trust are supported and developed to reach their full potential.

Our professional development delivery model

Our professional development delivery is underpinned by our Education key concept (see page 8). We believe that professional development should build knowledge, motivate, develop techniques and embed practice.

At the Ted Wragg Trust, we are research informed and believe that it is important that everyone involved in sharing ideas understands the underlying rationale and evidence base. We ensure that professional development is:

Sustained

Frequency is critical,
not time span

Practice-Based

Create new habits

Domain-Specific

Create new habits

External Expertise

Challenge the familiar
& refresh ideas

Professional Buy-In

Purpose & benefits
eclipse volunteering

We believe this slightly adapted model from 'Teaching Walkthrus 2', Tom Sherrington and Oliver Caviglioli is applicable to all professional development and will underpin the delivery of all our professional development networks, seminars and webinars.

Our Ted Wragg Standard

Our Ted Wragg Standard provides a **minimum set of high standards** across all our schools to establish clear structures, implement effective processes and hold each other to account **to enable excellence**. It is based on our three key concepts: Leadership, Education and Every Child Succeeds.

Key Concept: Leadership

We believe that great leadership:

Fiercely educates

Thrives in a complex system

Is locally enabled

Key Concept: Education

We have a clearly defined and articulated learning model that is understood by all teaching staff. This model of the learning process uses the concepts of Working Memory and Long-Term Memory. It draws on ideas from Cognitive Load Theory and the work of Daniel Willingham.

Key Concept: Every Child Succeeds

We believe individual development is well explained using Maslow; that an individual grows in an ecosystem and can be interpreted using Bronfenbrenner's work, and that we are interdependent.

We believe that to enable our children to live a life of opportunity, we need to understand what true inclusion means. To us, our model is based on Maslow's hierarchy of needs and the Bronfenbrenner's ecology of inclusive education.
