Tel: 01749 345555 Email: whitstone@educ.somerset.gov.uk

Headteacher: Guy Swallow Age Range: 11-16, NOR 547

SCIENCE KEY STAGE 3 LEAD

Full Time
Salary: Negotiable

A unique opportunity has arisen for an ambitious, innovative leader to inspire our Science Faculty, whilst also having the chance to contribute to the development of teaching and learning across our whole-school.

Whitstone School is at an incredibly exciting stage of its history. With most year groups now being oversubscribed, our school is increasingly seen as a wonderful place to develop professionally, work with well-behaved, ambitious young people and spend time on a beautiful site.

This is an excellent opportunity to help lead a Faculty with a united, committed team and to develop professionally in preparation for potential senior leadership. The successful candidate will be able to work with talented and supportive staff, in a school where wellbeing of all individuals is at the heart of our vision. The Science Faculty has recently been re-designed, with excellent facilities.

Our real focus on developing leaders comes through our outstanding CPD programme, our whole-school coaching strategy (which the successful candidate would help to further), our free membership to our on-site Leisure Centre, gym and classes and the opportunity to engage in internal and external leadership pathways. The successful candidate would also have the opportunity to work with ECTs within the Faculty and develop ITTs across our school.

For an application pack visit our website: www.whitstoneschool.org or for more information call Lara Schofield (Office Manager) on 01749 345555.

Closing date: Monday 18th October 2021

Interviews: Wednesday 20th October 2021

A criminal background check via the disclosure procedure is required.
