Academy in Northolt,  
London Borough of Ealing**

## SCIENCE TEACHER

**Salary: Main/Upper Scale (negotiable) (Inner London) + £2k NQT bonus**

The Alec Reed Academy is an Ofsted 'Good' school and an exciting place to work. In July 2018 it received praise from Ofsted who described it as '*at the heart of its community, an inclusive school with leadership providing excellent role models and maintaining the good quality of education since the last inspection in 2015*'.

We seek to appoint a Science Teacher who can enthuse, engage, motivate and challenge students to raise achievement at all levels up to KS5. The vacancy provides an excellent opportunity to work in a high quality and well-resourced environment and to join a team of experienced, successful and highly motivated teachers. This role involves the safeguarding of children given the contact and engagement of regulated activity with children.

We welcome applications from all scientists however applications from physicists or chemists would be favourably welcomed. This post will be of interest both to experienced and newly qualified teachers. The salary is negotiable for the right experienced teacher or an attractive £2,000 incentive is on offer for ECT's after a successful probation period as well as the knowledge that our Science department is a strong department with a breadth of experience supporting successful ECT's. This is an important role to commence as soon as possible, however we are willing to wait for the right candidate.

As an Investor in People, the Academy offers excellent career and professional development. The Academy is in outer London but with Inner London pay, Teachers Pension, and offers free on-site parking, free use of the gym, subsidised meals and family friendly policies including dependents entitlement.
