We are seeking to appoint a Teacher of Science for our special school of SEMH children. The successful candidate will be an inspirational, dynamic and enthusiastic qualified teacher of Science and will join our dedicated staff team within the Upper School Yrs. 8-11. There will also be the opportunity to work alongside our Lower School staff supporting Yrs. 1-8, ensuring continuity of learning across the Key stages. You will be expected to be able to deliver quality, captivating lessons from KS3 up to GCSE level qualifications in KS4.

Our school works with some of the 'most difficult' pupils to engage in learning, so if you relish a challenge then we are the place for you. You will be working independently as our Science specialist, teaching classes of 8 pupils with the support of a Teaching Assistant. The school is actively moving forward and improving in all ways, making it a dynamic environment to be in. We can guarantee that every day will be different to the last and there is rarely a dull moment.

Are you:

- A qualified and effective practitioner?
- Able to meet all the requirements for safeguarding children?
- Organised and a good communicator?
- Creative and inspirational in your teaching?
- Committed to developing self and others?
- Friendly, hardworking, motivated?
- Willing to learn and progress your own professional development?
- Looking for a challenging but rewarding role?

Can you:

- Sustain the highest levels of quality teaching?
- Demonstrate high levels of passion and energy?
- Share ideas and expertise?
- Work in a supportive team?

If yes to the above, then we want you to apply
