Our vision is for Queen Elizabeth's to be an exceptional school which enables our young people to flourish in life and make a positive difference to their community. We will achieve this by providing an excellent education that develops knowledge, character, contribution, and wisdom.

At Queen Elizabeth's we champion the characteristics we know our young people need to lead a successful and fulfilled life. Ambition, a sense of community and kindness are essential for human flourishing and are at the core of what we do as a school.

Ambition: we work hard to be the best we can be so that we flourish in life.

Community: we take part in opportunities to make a positive difference to ourselves, each other and our wider community. We honour being together and are proud to be part of our school.

Kindness: we act with kindness so that others feel respected, valued and cared for.

### Letter from the Headteacher

### Floreat Schola Kyrtonensis

Dear Applicant,

Thank you for your interest in this post at Queen Elizabeth's School. The school currently has 1167 students on roll of whom 135 are in the Sixth Form. The majority of our students are drawn from our partner primary schools across mid Devon and the greater Exeter area.

Founded in the 16th century, our school is set in the market town of Crediton, just 7 miles from Exeter. We are an ambitious school dedicated to providing an excellent education that develops knowledge, character, contribution and wisdom. Our Year 7 and 8 students are taught on our Lower School site and Years 9–13 at our Upper School site on Western Road.

At Queen Elizabeth's our coaching programme supports all colleagues to continuously improve their classroom and leadership practice. We were delighted to be judged as Good in the most recent Ofsted report in May 2022, which recognised our high-quality curriculum and continued improvement in achieving positive outcomes for all students. Through high quality teaching and a broad range of extra-curricular activities ensure that our students and staff live out our values of ambition, community and kindness.

Our pillars of staff culture support all of our interactions as a school. This means being better every day, putting the team before the individual and demonstrating kindness by being both warm and strict.

By actively committing to these values and behaviours, staff will contribute to creating a school culture where everyone flourishes.

This recruitment pack outlines the key duties and accountabilities of the post.

The successful applicant will:

- have a clear, well communicated understanding of the most effective teaching and learning techniques that lead to strong student progress.
- possess the skills and determination to make a positive difference to the lives of our students.
- be relentless in encouraging all students to build their knowledge and actively contribute to school life within our community so that they develop a sense of pride and belonging.

Yours sincerely

Paula Smith - Headteacher

### A Warm Welcome from our CEO

An ambitious and inclusive Trust of schools strengthening our communities through excellent education.

Moira Marder, OBE

On behalf of the Ted Wragg Trust, I would like to thank you for your interest in working for our Trust. This is an excellent opportunity to join our Trust and work in one of our 17 schools.

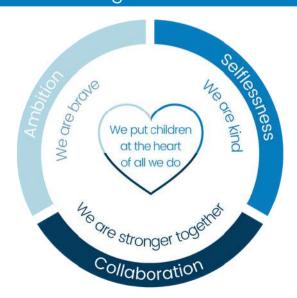

In our ambitious and inclusive Trust of schools we know that every individual is critical to help us to achieve our collective mission to transform lives, strengthen communities and make the world a better place.

Our values driven, growing 2-18 Trust, has the highest expectations for every child, every day, with social justice at our core. In this pack you will find out more about how we support, develop and grow great people.

This is a hugely exciting time for our Trust as we continue to grow, embed, improve and innovate to improve the life chances of all children in the South West.

### We demonstrate our love through our values

### **Science Department**

### About the Science Department

Science is led by an Assistant Headteacher for Science, a key leadership position in the school and a full member of the school's Leadership Team. This is indicative of the importance we place on Science here at QE. It is a large team of both full time and part time colleagues and there are TLR post-holders responsible for each of the subject areas, Biology, Chemistry and Physics. The department is dynamic, professional, passionate, forward thinking and a supportive environment in which to work. It is we resourced with dedicated technicians in each subject area. There is a culture of high expectations within the department and across the school, this leads to exceptional levels of participation from students and active involvement in lessons. We expect to appoint a teacher who shows evidence of commitment, enthusiasm and ability to communicate with and excite students; someone who is a good team member who can contribute positively to the Science Team. Teachers are encouraged to teach across all Key Stages and both sites to ensure the progress of our students through the curriculum is coherent and well planned. We have four technicians across the two sites to support the team.

The candidate must be able to deliver the curriculum to a high level across KS3 and KS4, with Chemistry at KS5. Our KS3 students follow a booklet style curriculum based on the KS3 science national curriculum. This then leads into the delivery of a transition period in year 9 that prepares them for the start of the GCSE Edexcel course. The majority of the cohort follow the Combined Science course with a selection of students each year opting for the Separate Sciences. Our numbers Post 16 are also thriving with Edexcel being followed again by all subjects. We currently have students taking part in the Royal Society of Chemistry Olympiad and a range of other extra curricula activities.

### #lifeattedwragg

We know that our people are our greatest asset and research tells us that happiness at work is directly linked to student happiness and consequently student outcomes.

We are working hard to make sure that all our employees love coming to work.

Our Trust is dedicated to fostering an environment where employees can reach their full potential, with dignity, respect, and equal opportunities for all.

We value the unique contributions of each individual, recognising that diversity strengthens our community and makes our Trust a positive place to work and grow.

We are committed to excellent employment practices that attract and retain talent from a variety of backgrounds and communities.

The aim of our people strategy is to be the greatest place to work in the South West.

We know that to realise our ambitious aim we must welcome, retain and develop our great people who work day in day out to transform the lives of the children in our Trust.

#lifeattedwragg is focussed on ensuring all our employees:

- Love coming to work and have a strong sense of belonging
- Experience high quality development through our dedicated development curriculums delivered by the Ted Wragg Institute
- Inspire others with their open and collaborative approach

### The Ted Wragg Institute

We want to ensure that our people feel invested and fulfilled in their role by providing personalised, relevant and engaging professional development. Our brand-new Ted Wraga Institute (TWI) delivers our high-quality development offer for all, across our family of schools.

Our incredible offer includes Trust CDP, Leadership Development, Networks, Cohort-specific training and NPQs. Take a look at our offer this year here.

### **Early Career Teachers**

If you are an Early Career Teacher you will benefit from our tailored Early Career Framework combining weekly instructional coaching, asynchronous independent learning, online 'clinics' and in-person conferences. With a dedicated mentor or coach and access to supportive networks the ECTs in our Trust are supported and developed to reach their full potential.

### Our professional development delivery model

Our professional development delivery is underpinned by our Education key concept (see page 8). We believe that professional development should build knowledge, motivate, develop techniques and embed practice.

At the Ted Wraga Trust, we are research informed and believe that it is important that everyone involved in sharing ideas understands the underlying rationale and evidence base. We ensure that professional development is:

Sustained Frequency is critical, not time span

Create new habits

Practice-Based Domain-Specific Create new habits

**External Expertise** Challenge the familiar & refresh ideas

**Professional Buy-In** Purpose & benefits eclipse volunteering

We believe this slightly adapted model from 'Teaching Walkthrus 2', Tom Sherrington and Oliver Caviglioli is applicable to all professional development and will underpin the delivery of all our professional development networks, seminars and webinars.

### **Our Ted Wragg Standard**

Our Ted Wragg Standard provides a minimum set of high standards across all our schools to establish clear structures, implement effective processes and hold each other to account to enable excellence. It is based on our three key concepts: Leadership, Education and Every Child Succeeds.

### **Key Concept: Leadership**

We believe that great leadership:

Fiercely educates

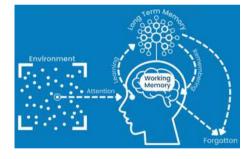

Thrives in a complex system

Is locally enabled

### **Key Concept: Education**

We have a clearly defined and articulated learning model that is understood by all teaching staff. This model of the learning process uses the concepts of Working Memory and Long-Term Memory. It draws on ideas from Cognitive Load Theory and the work of Daniel Willingham.

### **Key Concept: Every Child Succeeds**

We believe individual development is well explained using Maslow; that an individual grows in an ecosystem and can be interpreted using Bronfenbrenner's work, and that we are interdependent.

We believe that to enable our children to live a life of opportunity, we need to understand what true inclusion means. To us, our model is based on Maslow's hierarchy of needs and the Bronfenbrenner's ecology of inclusive education.
