

St. Peter's Centre
A Medical Short Stay School

Science Teacher – Part Time

School:	St. Peter's Centre
Start Date:	September 2021
Salary:	MPS / UPS With possible Temporary TLR available
Contract:	Permanent and part time - 1 day a week
NQTs Considered:	No
Closing Date:	Friday 25 th June 2021
Interviews:	Week beginning 5 th July 2021

St. Peter's is a small Medical Short Stay School (PRU) based in Englefield Green, with provision for 12 FTE pupils who are unable to access school due to medical needs, either physical or emotional.

At our last OFSTED Inspection, we were graded as 'Outstanding'.

Our students have a medical need, which is preventing them from accessing a full time timetable in mainstream school. They are generally quiet, with low self esteem and are vulnerable. They often have large gaps in prior learning. With carefully directed teaching they are usually able to make rapid progress over the year and achieve a GCSE.

Due to the relocation of a long-standing member of staff, we are looking for an outstanding classroom practitioner with QTS to coordinate and deliver KS3 and KS4 Science to our pupils. You will have excellent interpersonal skills, have a calm and considerate approach to teaching have high expectations, and be fully committed to supporting young people who are unable to attend school due to their medical needs. Your planning will take into account the diversity of need and ability within each teaching group, and you will have a good understanding of assessment and monitoring pupil progress.

The successful candidate will have experience of teaching Science up to GCSE level. Teaching will involve predominantly but not exclusively KS3/4 pupils preparing for GCSEs. The candidate will also be expected, to be fully involved in the pastoral education of the young people we support and deliver PSHE lessons. St. Peter's is committed to CPD for all staff. A second subject other than Science would be advantageous.

The Short Stay School is extremely well supported in its continual drive for excellence through its Management Committee. Prospective candidates are encouraged to visit St. Peter's or phone for an informal discussion prior to submitting an application.

St Peter's is committed to safeguarding and promoting the welfare of our pupils and expects all staff to share this commitment. Please note that this post will be subject to enhanced Disclosing Barring Service check.

The role requires Qualified Teacher Status with experience of teaching secondary Science

For an informal discussion regarding this position, please contact:
Yolande Mead on 01784 439168

We want to be an inclusive and diverse employer of first choice, reflecting the community we serve and particularly welcome applications from all under represented groups.
