

Welcome to Southernly Point Co-operative Multi Academy Trust

Southerly Point Co-operative Multi-Academy Trust has one simple objective: to enable excellence together.

We are a group of 19 schools situated around Helston and the Lizard – the most southerly part of Cornwall. We are a co-operative Multi-Academy Trust. We believe in working together so that everyone benefits. Our work is underpinned by the co-operative values and these values inform everything we do.

It is important to us that schools maintain their uniqueness - we are not carbon copies of each other. There are core things that have to be aligned: our vision and values; HR as a single employer; financial practices; estates management; and core policies. We coalesce around a shared language for teaching and learning, and some elements are strongly aligned because our shared practice continues to evolve through working together. We encourage networking and peer to peer work across the Trust - this supports the evolution of our practice or confirms our faith in our own approaches. Work is directed centrally only where there is a need to do so, for example, reinforcing an agreed practice or stepping in where there is ongoing underperformance in order to achieve the Trust vision.

Enabling Excellence Together:

We see ourselves as Enablers and we work together cooperatively in order to bring excellence for everyone and to everything in the Trust. Evidently this is an ongoing journey.
