

EXCELLENCE THROUGH ENDEAVOUR

The Richmond upon Thames School

Job Application Pack

Second in Charge of Maths

Salary MPR/UPR Outer London Plus
TLR 2b

Dear Candidate,

I am delighted that you have expressed an interest in The Richmond upon Thames School (RTS).

As a thriving comprehensive secondary academy (11-16), we have grown rapidly since opening in 2017 and now have 786 students across Y7 to Y11. In partnership with our Campus Partner, Richmond upon Thames College, we have launched RTS Sixth Form Plus, a distinctive, jointly-led provision designed to ensure our students experience a seamless and aspirational transition to KS5.

The years ahead promise to be particularly exciting. Situated at the heart of the Richmond Education and Enterprise Campus, RTS is uniquely positioned within a dynamic hub of education and innovation. We work alongside two outstanding special schools (Clarendon and Capella House) and a leading further education college (Richmond upon Thames College), creating a truly collaborative learning environment. Our state-of-the-art, purpose-built premises, alongside the next phase of campus development, including our new Sports Centre and the College's STEM Centre, both of which opened in 2024, provide an exceptional setting in which to learn and work.

Our ambition to do the ordinary differently continues to define our journey, as we establish RTS as a beacon of excellence. We recognise that being an outstanding school depends on the exceptional people within it. That is why we are committed to recruiting, supporting, and developing dedicated professionals who are passionate about education's transformative power. We want our staff to thrive, to excel through professional development, and to contribute meaningfully, not only to our students' lives but also to the broader educational landscape. At RTS, we foster an environment where ambition, innovation, and inclusivity shape the next generation of learners and leaders.

If you are driven to engage and inspire students, eager to work within a team of professionals who are relentlessly focused on continuous growth, and keen to collaborate with our industry and education partners, Haymarket Media Group, Harlequins FC, the National Physical Laboratory (NPL), and Richmond upon Thames College (alongside the wider HRUC group), then RTS is the perfect place for you. Our partnerships allow us to diversify and enrich the student experience, ensuring that every young person leaves RTS equipped for limitless opportunities and ready to be a champion for equality and social justice.

We welcome prospective candidates to reach out with any questions prior to submitting an application. Please contact Barbara Munro, PA to the Head Teacher, at pa@rts.richmond.sch.uk to arrange a suitable time.

We look forward to receiving your application and wish you well with the process.

Head Teacher - The Richmond upon Thames School

Our motto

Excellence Through Endeavour

Our school

RTS is a co-educational, non-selective and non-faith based school for 11-16 year olds and admits six forms of entry (162 children) per year.

The Richmond upon Thames School (RTS) provides an inspiring place for young people to learn and work purposefully towards achieving their best at all times. Our students are valued as individuals, recognised for their talents and challenged in their endeavours.

Our school encourages an atmosphere that rewards hard work and expects high academic achievement, but also provides an environment where children can develop as people and learn valuable life skills. Our students will emerge as confident, resilient individuals, who can build positive relationships and demonstrate commitment in everything that they do.

RTS strives to be a welcoming place where everyone is valued highly and where tolerance, honesty, cooperation and mutual respect for others are fostered. It provides equal opportunities for all children regardless of disability, gender, race, religion or beliefs. We also promote a shared sense of purpose with our students, teachers, parents, and Trustees; all working towards a common goal to make the best possible school for our children.

Our team of talented staff inspire and nurture students throughout their school life, delivering imaginative, stimulating lessons that keep every child engaged. The school is already characterised by its excellent working relationships with industry partners, giving students the best possible foundations for their future careers. Our partners help shape the curriculum and set real-world projects, and will offer work experience and provide mentoring. Our unique access to real-world facilities through on-site partners Harlequins, Haymarket Media Group and Richmond upon Thames College, offer students a huge range of opportunities that will transform their future employment potential and enhance both their personal and physical development.

As leaders in digital technologies, we give every student the opportunity for safe and responsible access to the latest digital devices and encourage them to become the developers, not just the consumers, of future technology.

As a new school, connecting with our local community is important to us. Through supporting local projects, our students are encouraged to participate in programmes that widen their experiences and teach them the value of helping others. The school will also serve as a learning hub, providing a range of before-and after-school clubs, holiday activities, sports facilities hire and adult evening classes.

Our campus and facilities

RTS is housed in a purpose-built facility, with Clarendon School's secondary students and Capella House students accommodated in adjoining spaces.

Together with the Richmond upon Thames College, these institutions form the Richmond Education and Enterprise Campus, a hub of education, innovation, and opportunity.

Our recently completed (2025) outdoor sports facilities include floodlit artificial pitches – including a full-size pitch for football matches and rugby training – providing year-round opportunities for sport; alongside direct access to both 4G and grass pitches for rugby and football. In 2024, the campus expanded further with the opening of a double-height Sports Centre, featuring a four-court sports hall, a dedicated dance studio, and modern changing facilities.

The Education Campus model is redefining learning, integrating education with enterprise to equip students with the skills, experiences, and opportunities they need to succeed. Through strategic partnerships with Richmond upon Thames College, the Auriga Trust (Capella House and Clarendon), Haymarket Media Group, Harlequins, and the National Physical Laboratory, RTS benefits from a wealth of expertise from organisations that excel both nationally and globally. These partnerships continue to add a dynamic, real-world dimension to the school's curriculum and student experience.

Richmond upon Thames College

"Over the next two to three years the College is undergoing a transformation to become a first class further education college and a major technical and professional hub for West London with a reputation for academic and vocational excellence. The College is delighted to be a founder member of a school which will provide a high quality education, with a curriculum co-designed with us and the other Campus partners to provide choice and successful progression to further and higher education."

The Haymarket logo, consisting of a red vertical bar to the left of the word "haymarket" in white lowercase letters, with a registered trademark symbol.

Haymarket

"Having a clear understanding of what employers look for in a business professional is crucial for tomorrow's workforce. The Haymarket Skills Academy programme of media days, career support, work experience opportunities will help RTS students to maximise their potential."

Clarendon School

"A brand new, purpose built building will provide facilities and teaching spaces specifically designed for the particular needs of Clarendon School's pupils, including those with autism. Being co-located on the Campus with RTS and the College will provide opportunities for inclusion for students to and from each setting and improved transition arrangements post-16. It will also allow access to shared facilities and improved opportunities for sharing staff expertise between settings."

Harlequins

"Harlequins is immensely proud to be a part of RTS. As one of the school's partners, the Club will be working closely with the Free School to create a sporting programme for all age groups and levels across a range of sports to encourage participation and healthy living. There will also be a number of work placement opportunities with access to experts from the industry including health and nutrition, strength and conditioning, leadership and management. We are looking forward to working with the other partners to deliver an outstanding educational campus for 2017 and beyond."

Our curriculum

We are an inclusive school, where every student is stretched and challenged to exceed their personal best. Securing each child's academic success and independence is at the heart of our approach, with demanding teaching that fosters resilience, curiosity, and intellectual agility.

Our teaching methodologies ensure that students engage critically with complex concepts, developing the analytical skills needed to thrive in an ever-changing world. While our curriculum remains rooted in traditional academic excellence, we take an enterprising approach to its design, leveraging innovative digital technologies and strategic partnerships to enrich learning. Our extended school day provides students with access to a wealth of diverse and enriching learning experiences beyond the core curriculum.

In KS3 (Years 7-9), students benefit from a broad and ambitious curriculum, studying Art, Computer Science, Design and Technology, Drama, English, French, Geography, History, Mathematics, Music, Physical Education, Prep, PSHCE, RE, Science, and Spanish.

At KS4 (Years 10-11), students undertake a rigorous suite of GCSEs, including Art, Citizenship, Computer Science, Design and Technology, Drama, English, French, Geography, History, Hospitality and Catering, Mathematics, Media Studies, Music, Physical Education/Sport, Religious Education, and Sciences (Biology, Chemistry, and Physics), alongside Spanish.

Learning at RTS extends far beyond the classroom walls. From scientific explorations at Kew Gardens during Science Week to theatre and gallery visits, masterclasses led by industry leaders, collaborative projects with universities, and weekend outdoor expeditions, students benefit from a dynamic, experience-rich education. As a technology-forward school, every student has access to a school-issued iPad, enabling them to engage with cloud-based classrooms, revisit lesson materials, and independently explore extension activities.

Sport plays a key role in the RTS experience, with students competing in tournaments against other schools and an annual Sports Day, which is deeply embedded in our house system—fostering team spirit, resilience, and a shared sense of pride in school life.

Our curriculum | extended day

At the Richmond upon Thames School, we have longer school days on Tuesday, Wednesday and Thursdays. We use our longer days to provide exciting enrichment options. In KS3, the enrichment curriculum personalises and broadens students' school experience through access to a wide range of exciting sessions including Master-Chef, dissection, choir, Karate, 3-D model making, gardening, a range of sports clubs and more. In KS4, students access a comprehensive careers education information and guidance programme, which supports students' development for the next stage of their lives.

Through our best endeavours, we strive to prepare our students for the next stages of their lives. We do this through a combination of methods, including PSHCE, academic tutoring, assemblies, employer visits, seminars, masterclasses, workshops, drop down days and 1:1 sessions.

As a school, we are committed to ensuring that the learning experience supports all of our students to develop to their full potential. We recognise that some students may have particular strengths, whether academic, musical, artistic or sporting and that others require support with special educational needs or disabilities. To support all students our dedicated staff work together to ensure no student is left behind and we do this by providing stimulating, engaging learning experiences delivered by excellent teachers.

Job Advert
