TEACHING & LEARNING STRATEGY

All our energies with regard to Teaching and Learning at Esher Church of England High School are encapsulated around the principles of 1% and 100%.

1% - Teaching Strategy

As educators we are constantly trying to improve specific areas of our practice by 1% marginal gains.

100% - Learning Strategy

As a team we focus on working towards ensuring that 100% of our pupils are working hard and thinking hard for every minute of every lesson.

The four areas of 100% that we work on are:

- 100% Time
- 100% Attention
- 100% Participation
- 100% Understanding

Our CPD sessions, which take place twice per half term, work to establish and embed consistent classroom routines and learning habits across the school, as we know that consistency is crucial to ensuring that all learners are clear on our shared expectations and school norms.

All staff benefit from regular, low stakes lesson Drop-Ins from which staff are given 1% improvements to improve their practice. There is no formal lesson observation cycle.

We also currently run a small programme of Instructional Coaching and this will be offered to a wider team of staff from September 2023.
