

Hadley Learning Community (HLC) is a £70 million school that opened in September 2006 in Telford, Shropshire, just 5 minutes off junction 6 of the M54. The campus consists of a primary, secondary and special school within one, modern and spacious building.

When you visit, you will instantly feel the ethos of our school but in summary, we are proud to say that HLC is a truly fully inclusive school that is proud of its students and the community we serve.

In our most recent Ofsted, the school was graded as 'Good with many Outstanding features' with the highlight being comments on the outstanding care, guidance and support to all of our students. Since 2016, HLC has been positioned in the top 100 schools in the country for progress which is an amazing achievement and one we are so proud of. The staff and students of HLC take great pride in our school and work harmoniously together to produce a 'can do' culture of high expectations.

We are seeking to appoint an innovative and inspiring Teacher of Science to join our forward-thinking secondary phase from January 2022. It is a fantastic opportunity to join an established and vastly experienced science team that has excelled in so many areas. Science has been a key foundation for our school with outstanding outcomes that we are very proud of. In summary, our students love Science and you will love being a part of team.

This post is suitable for both experienced and newly qualified teachers and is an exciting opportunity for a dynamic, ambitious, and energetic individual to join a highly successful and supportive Science team. You will have the opportunity to deliver in Key Stage 3 and 4, ensuring that learning at HLC is exciting and our young people are engaged and motivated to strive for excellence.

The key benefits to working within our school are the relationships with not only a highly supportive staff community as well as with the students, that will enthuse you to deliver fantastic lessons each and every day. You will also have your own dedicated large teaching room and school laptop. You will also have free use of our health and fitness centre, four-court sports hall and 25-metre indoor swimming pool. Importantly, one of our key principles is to support your welfare, and as part of this we offer a comprehensive Employee Assistance Scheme and assist our working families through an on-site nursery which several staff use to support their childcare provision.

We look forward to receiving your application.

Closing date for applications: Tuesday 26th October 2021 by 12 noon

Interviews: W/C 25th October 2021
