

## Landewednack Community Primary School

### Welcome to our School

Thank you for showing an interest in applying for a position at our school. We recognise that each pupil is a unique individual; we offer our pupils an inclusive, engaging and varied curriculum which is delivered by our staff of enthusiastic and hard-working teachers and teaching assistants.

Every child deserves the best learning environment and we are superbly placed to give them just that. As a small school in a beautiful part of the world with a rich local community, we nurture curious young minds and foster independent thinkers.

Here, the national curriculum is just a starting point. We encourage learning beyond the four walls of the classroom, making the most of everything Cornwall offers and linking lessons to the wider world around us.

From taking part in Wild Tribe to visiting the beach or our local farm, we provide exciting opportunities that enrich our curriculum. We encourage our children to learn through experience- through having a go, trying new things and embracing challenges.

### Our Curriculum

At Landewednack, we have designed an ambitious curriculum for our children which is based on the application of the National Curriculum within our unique context. This is underpinned by our vision and values.

Our vision is to enable every individual to achieve academically; to become lifelong learners; and to become engaged citizens of their local community and the world, whilst making happy memories of their time at Landewednack.

Our 'Learning Means The World' curriculum is based around the "4 Cs", the world issues which drive our curriculum design:

## Our Curriculum continued

**Communication:** Pupils will be able to communicate in ways that build and maintain positive relationships through focused listening, confident speaking, sharing ideas and explaining clearly. They will know how communication has developed through time and the chronology of technology, now our main means of communicating. They will also learn how to communicate in an assertive way, avoiding conflict through tolerance and mutual respect.

**Conflict:** Pupils will be able to define conflict and explain the key reasons as to why conflict exists. They will also be able to give specific examples of conflict, both past and present on a local, national and global scale. On a personal level, they will learn how to handle disagreements constructively, and resolve their differences peaceably.

**Culture:** Pupils will be able to define and identify the characteristic features of culture and understand why cultural diversity is important. They will be able to talk about the features of a range of different cultures, explaining some of their similarities and differences. They will develop an appreciation of and a strong connection with our local culture and cultures from around the world. They will also learn how culture affects perception and influences behaviour.

**Conservation:** Pupils will be able to define conservation, outline key areas, e.g., biodiversity, and understand why it is such an important world issue. They will learn how we can live more sustainably, understanding the importance of natural resources and renewable energy. On a personal level, they will learn how they can make a difference by reducing their carbon footprint and behaving in a more environmentally responsible way.

**Our School Structure** We are a small school with children aged 2-11 set over 4 classes. Our nursery class, Little Lizards supports the youngest members of our school. They then move up through the school to Choughs, Puffins and Razorbill Class. The school is set in the centre of The Lizard Peninsula where children have access to green fields and fresh air. There's room for football, netball, bike riding and many other outdoor activities which are crucial to the children's wellbeing and health.

## TPAT

Landewednack Community Primary School is proud to be part of Truro and Penwith Academy Trust. TPAT work alongside our ethos of every child deserving the opportunity to succeed regardless of location or circumstance. Likewise, every school, regardless of size or level of geographical isolation, deserves the support necessary to make this happen.

## Safeguarding

TPAT is committed to safeguarding and promoting the welfare of children and young people and expects all staff, workers, volunteers, governors and trustees to share this commitment.
