The GALLERY TRUST

A community of special schools

The Gallery Trust is a Special Multi Academy Trust which is dedicated to improving outcomes for SEND learners in Oxfordshire. We strive to provide the best possible specialist learning experience for all pupils.

Our Strategic Aims

- **Places where innovation drives learning** – our schools have a clear purpose, they educate the whole child and prepare them for adulthood. Everything we do, from our curriculum offer to our pastoral care, is meaningful and driven by the needs of learners.
- **Places where relationships drive engagement and achievement** – our schools are built around exceptional relationships. We provide excellent experiences, growth, and opportunities for pupils and staff, and specialist working environments and resources.
- **Places which provide exceptional knowledge and support** – our schools are supported by a skilled and experienced central team which provides high quality school improvement and central support services.
- **Places which inspire and influence** – our schools are committed to collaborating with our local and national partners and communities to ensure that children and young people with SEND receive the education and opportunities they deserve.

As we enter the next phase of our development and build on our many successes, we want to embrace future challenges and opportunities. The Trust is on a continuing journey of expansion, growing from a Multi Academy Trust based on a single academy in 2013, to its position as the largest Special Trust in Oxfordshire. There are currently seven special academies in the Trust located throughout Oxfordshire, with an additional academy scheduled to open in 2026. The Trust's vision is to continue to expand over the next five years, supporting a community of converter academies, free schools and sponsored academies, and providing outreach and other opportunities. All academies collaborate to share SEND expertise and best practice, and work in partnership with peers who are committed to common aims and goals.

The Board of Trustees believes that by providing the support of highly experienced and specialised school improvement and business teams, school leaders are empowered to focus on the standards of teaching and learning, and in meeting the operational and strategic demands of running their schools.

The Mabel Prichard School curriculums are personal for all learners and are informed by three main Equals curriculums, pre-formal, informal and semi-formal. Some learners access aspects of the formal curriculum, where appropriate and there is a vocational pathway at post 16, focusing on preparing for either supported or independent work opportunities. The Early Years and KS1 learners are grouped according to need and are assessed using Development Matters and are then moved into a class according to their needs (see How We Assess on the website for details of the range of assessment tools used for each phase and curriculum).

Further information on the rationale and implementation of these curriculums can be found in the curriculum handbook and can also be shared on request.

The committed team at Mabel Prichard School includes class teachers, teaching assistants, higher level teaching assistants, pastoral support workers, lunchtime supervisors, welfare and personal care assistants, a school business manager and admin team, caretaker, cleaning team and safeguarding leads.

We are passionate about staff development and in addition to our weekly teacher development meetings and whole staff meetings, we offer a range of career development opportunities both within the school, the trust and beyond.

The school recognises its success is based on strong partnerships. Most importantly, the school works closely with parents and understands they know their child best. The wider multi-professional team at Mabel Prichard includes a Special School Nurse, Speech and Language Therapist, Occupational Therapist and Physiotherapist. The school also hosts health clinics through the special school nurse provision with a paediatrician and CAMHS.
