WELCOME TO OUR SCHOOL

Message from the Headteacher

Many thanks for your interest in the post above. I hope you find the enclosed information useful in making a decision about your application to join Shevington High School. Shevington High School is a growing, successful and popular high school. Over the last few years the school has seen significant investment and improvement in all areas of the school.

Shevington High School is a popular 11-16 community school located in the village of Shevington. We are 3 miles from Wigan town centre and mere minutes from the M6 motorway. The school is smaller than the average size secondary school but growing. We have 178 students in all years and a waiting list in year 7.

Shevington is a thriving and vibrant school. We work incredibly hard as a team to support pupils to make excellent progress in their learning from their varied starting points on entry. The school has celebrated very good examination results over recent years and we pride ourselves on our constant drive for improvement.

We pride ourselves at Shevington that we put the student at the centre of learning through the delivery of high quality teaching which enables all of our pupils to learn effectively. The school has a clear and well-articulated vision and intent for the curriculum and pedagogical approach in school, grounded on current research and methodologies nationally and internationally. This is drawn from the work we have been doing over the last 5 years on Student Agency in Learning as part of the SAIL Network, LAB Schools Network and inspired by work done with Kunskapsskolan Schools (Sweden).

Since 2020 as a school we have worked extremely hard to make further improvements in our educational provision. Through developing a truly blended learning approach using technology to enhance pedagogy that enables personalisation and develops learner independence and ownership.

School has a robust teaching and learning framework and strategy incorporating digital devices and using Google Classroom to enhance student learning. As part of our initial Remote Learning Strategy in March 2020 we devised a remote learning lesson framework, over time and whilst working as a Laboratory School with the International Centre of Educational Enhancement we collaboratively developed with staff the Shevington Teaching Framework.

The framework has a series stages and non-negotiables

- **Instructional phase**
- **Practice phase**
- **A rubric assessment**
- **A retrieval task**
- **A very clear modelling or scaffolding of task**
- **Summary of learning**

The Rubric is an essential element of the Shevington Lesson; it is designed to encourage ownership of learning through transparent learning intentions and clear assessment criteria. The rubric is used by the student to set personal learning goals in the lesson.

A distinct part of student life at Shevington High School is coaching. We see coaching as the key to personalised learning and putting students at the centre of their learning. Students attend coaching in groups of 4-5 students once a week. In the coaching session the students are encouraged to set weekly learning goals and reflect on progress made.

Mr J Bennett
Headteacher
