S/he provides advice and training to others to enable them to support the development of children's speech language and communication skills.</p> |

KEY RESPONSIBILITIES

Clinical Expertise

- To work with increasing independence and following the guidance given by school and team policies, to provide SLT assessment and intervention to a caseload of children with Autistic Spectrum Disorders.
- To develop SLT assessment and intervention skills specific to children with ASD, with support from a senior colleague.
- To assess children's communication skills in both home language and additional language(s) using interpreters or bi-lingual SLT co-workers, as appropriate.
- To write accurate reports and case notes detailing complex and sensitive information related to client's communication skills, development and needs.
- To provide a clear and accurate feedback to parents and key professionals based on the analysis of all the information gathered from assessment and discussion with others.
- To ensure children and their families are involved in all aspects of the planning of care where possible including negotiating targets and overall management of their child. The post holder will attend parent evenings, support parent training sessions and jointly run termly PECS clinics.
- To develop short and long-term goals, evaluate intervention and child's progress and alter treatment programmes if required to suit the needs of the child.

- To refer child and / or their family to other sources of advice and intervention as appropriate and to liaise with other professionals involved with the family.
- To carry out detailed assessment of child's communication skills to contribute for EHCP or annual reviews.
- To participate in the device of a termly SLTTA training timetable in line with the whole school timetable.
- To participate in the delivery of SLTTA training.
- To support newly appointed SLT TAs in setting up and running communication groups and supporting the total communication needs of pupils in class.
- To contribute to the support of established SLT TAs through the use of specialist training programs and in class demonstration and observation of communication groups and meeting the communication needs of pupils in class.
- To support SLT TAs in evaluating the communication activities and planning further ideas for activity.
- To liaise regularly with the SLT team at Phoenix regarding training and SLTTA support.
- To support drop in / problem solving sessions to SLT TAs.
- To meet with teachers and relevant staff to ensure that the communication needs of pupils are being met.
- To participate in the interviews and employment procedure of new SLT TAs.
- To support the record keeping of PECS data.
- To support students access school council meetings through the use of visuals.

Staff Management

- To demonstrate his/her own duties to student practitioners, less experienced SLTs and volunteers.
- To assist in the support of students and new staff from other professional groups as requested by Clinical Co-ordinator or line manager.

Service Development

- To contribute to the development of policies for use by the SLT team at Phoenix.
- To contribute to the development of resources for the SLT Team at Phoenix (e.g. clinical forms, advice leaflets, screening tools and observation checklists).
- To contribute to and distribute promotional information such as advice leaflets.
- To effectively plan and organise own caseload to meet service and client priorities, and adapt management to accommodate changes to the model of service delivery.
- To collate and present statistical information service evaluation purposes.

Teaching/Training/Research

- To be responsible for maintaining own competency to practice by actively reflecting on own clinical and professional practice through identifying own strengths and areas for development and discussing with line manager at supervision meetings. This will include active participation in appraisal and in an individualised CPD programme.
- To attend relevant and specialist training courses in order to develop specialist knowledge and skills further and maintain a personal development portfolio.
- To participate in audit within the team as directed and contribute to the development and implementation of appropriate audit and clinical governance projects.
- To participate in in-service training of therapists and assistants and training of parents and professionals in health and education.

Measures of success

- Ensures effective management of designated specialist level caseload.
- Ensures adherence to service prioritisation.
- Ensures written work including case notes, care plans, reports and programmes are written and delivered in a timely manner.
- Ensure that clinical practice is evidence-based.
- Ensures any issues regarding service delivery are reported to line manager in a timely manner.

FURTHER INFORMATION

- The post holder must at all times carry out duties and responsibilities with due regard to the school's equal opportunities policies and procedures.
- The post holder must ensure that personal information for clients, members of staff and all other individuals is accurate, up-to-date, kept secure and confidential at all times in compliance with the Data Protection Act 1998, the Caldicott principles and the common law duty of confidentiality.
- The post holder must follow the record keeping guidelines established by the school to ensure compliance with the Freedom of Information Act 2000.
- Comply with safeguarding children practices as outlined by the School. As such each member of staff is expected to carry out their role and responsibility in relation to a child or children's welfare; for example ensuring they access child protection training in accordance with their role, accessing child protection supervision if they are in a clinical role working with children and being aware of who to contact and what action to take if they are concerned regard the welfare of a child.
- The post holder is expected to take responsibility for self-development on a continuous basis, undertaking on-the-job and other training as required.
- The post holder is required to familiarise him/herself with and comply with the School's policies and procedures.
- The post holder must be aware of individual responsibilities under the Health and Safety at Work Act and identify and report, as necessary, any untoward accident, incident or potentially hazardous environment.
- All staff must ensure that they comply with the school's Infection Control policies and procedures and undertake relevant training for any deficit in their practice and knowledge. Staff must take personal responsibility for their own actions in relation to infection prevention and control practices during their day to day work.
- The post holder is expected to have competent IT skills in order to make resources using symbol software and maintain database documents.
- The post holder may be required to undertake duties at any location within the School, in order to meet service needs.
- This job description is intended as a guide to the main responsibilities of the post and **not** as an exhaustive list of duties and tasks. The post holder may be required to undertake other duties appropriate to his/her grade, which are not listed above, at the direction of his/her manager. The job description may be amended from time to time after consultation with the post holder.
- The School operates a No Smoking Policy.
- The post holder will adhere to the school's dress code.
