

We're looking for a Subject Leader of Computing to join our team!

This is an incredibly exciting point to join our Priesthorpe community. We are celebrating consistently strong outcomes for our students. These outcomes are built on solid, values-based foundations, strong investment in staff development, and exceptional learning experiences for all our students in an inclusive environment. These learning experiences, founded upon an absolute commitment to inclusion, were recognised in our recent Ofsted inspection report, where we have been judged to be Good with Outstanding features. The first line of the report captures what really matters to us; "Pupils at Coop Academy Priesthorpe are proud to be members of an inclusive community".

As a Subject Leader of Computing, you will support the Faculty Leader to implement and deliver an exciting, knowledge-rich curriculum that is thoughtfully sequenced and is informed by expert subject knowledge and the latest educational research.

At the top of your game, you'll have great behaviours, strong organisational skills, the ability to collaborate effectively, and be able to work constructively as part of a team. How and why you do things matters greatly to us, as does your ability to use your initiative, work independently and be resilient. In return you'll be joining a great team, about which Ofsted commented, "Many staff are proud members of what they describe as the 'Priesthorpe family'".

You'll do all this while capturing the spirit of our vision and values and role-modelling exceptional professional behaviours.

Co-op Academy Priesthorpe is situated in Pudsey and just 15 minutes from both Leeds and Bradford centre with places for 1250 students and 135 staff. Our Values

We have a strong culture which creates a positive working environment. We follow the Co-op's 'Ways of Being' which are:

- Succeed together – Cooperating is what makes us different; we're better and stronger when we work together.
- Be yourself, always – We bring our best self to the academy, so that we each contribute and respect others for doing the same. Of course, being yourself isn't about excusing poor behaviours that contradict our other Ways of Being Co-op.
- Do what matters most – What matters most is ensuring that our students achieve the best possible outcomes.
- Show you care – We care about our Trust, our colleagues, our students, their parents, our Co-op and communities, now and for the future.
