

School of Science and Maths

A Level Maths Teacher (0.5FTE) and GCSE Maths to Adults (0.5FTE)

Cranton Sixth Form College and Riverside College are highly popular and successful, conveniently located in Widnes, within easy reach of Liverpool, Manchester and Chester. Cranton Sixth Form College currently caters for over 3,900 16-18 students, the majority of whom are studying at Level 3 on either A Level or Vocational programmes. The college was inspected in March 2024 under the Riverside College name and achieved the highly prestigious Grade 1 Outstanding recognition with A Level Maths team being 'deep dived' by OFSTED with commendable success. We also won Employer of the Year at the Halton Business Awards in June 2025.

The successful candidate will work with talented and supportive colleagues in a very friendly environment and with a genuinely supportive management team which is committed to putting teaching and learning first.

This year our students have achieved exceptional results, putting our college amongst the top in the country with a record number of our students progressing to university.

- 14% A* in Maths
- 42% A*-A in Maths
- 67% A*-B in Maths
- 33% A*-A in Further Maths

This achievement illustrates the dedication by all the members of the Cranton team to inspire, develop and instil a strong work ethic within our students.

The School of Science and Maths offers the following courses at A Level:

Maths

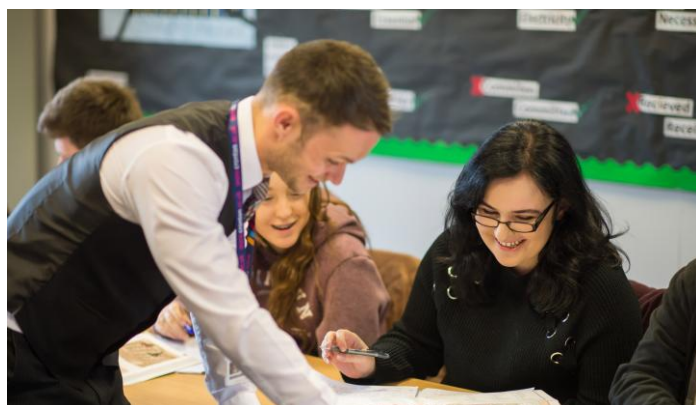

Further Maths

Biology

Chemistry

Computer Science

Physics

What is it like to work and study at Cranton Sixth Form College and Riverside College?

Inspectors in the OFSTED 2024 said:

"Staff feel appreciated for the contribution they make to the college."

"Students and apprentices enjoy their learning at Riverside and Cranton Sixth Form College. They display extremely positive attitudes and would recommend the college to friends, family and peers."

"Senior leaders and managers have a very clear rationale for their aspirational curriculums. "

"Leaders carefully consider the courses they provide for students, apprentices and those who have high needs."

The students studying Maths have consistently achieving highly and numerous gaining offers to study at prestigious universities. The successful candidate will continue to develop the provision to meet and exceed the current success. The successful candidate will be an inspiring teacher with a passion for teaching Maths, who will create a positive proactive ethos within their lessons. The wider department has a highly experienced and talented team who foster co-operation and sharing good practice with supportive management which has teaching and learning at its heart.

The Science and Maths Department is one of the Centres of Excellence at the college showcasing the academic strength as well as the wider enrichment on offer to students studying in this area. As a Centre of Excellence, the department provides additional support to students wanting to study at a prestigious university with enrichment activities such as the highly successful 'Prestigious University Programme' which provides students with outstanding opportunities to enhance their applications. Furthermore, the department offers national and international trips, where students are given the opportunity to enhance their study within the academic area, making the topics realistic and enabling students to relate them to the real world. Students are visited by guest speakers from various organisations and public services, who often set workshops and assignments based on current issues throughout the curriculum areas. Close links have been made with many of the universities within the area, including the Universities of Liverpool, Manchester, Lancaster, Liverpool John Moores and Manchester Metropolitan. The successful candidate will be involved in promoting, encouraging, and organising additional enrichment activities.

The department runs gifted and talented partnerships with local high schools, which give the students and prospective students the opportunity to participate in extracurricular activities to challenge and stretch them. The Maths team are heavily involved in outreach projects with numerous stakeholders across the borough.

Cranton Sixth Form College and Riverside College are committed to the well-being of all its staff and students. For staff, the college offers condense hours which leads to a 2pm finish on a Friday, well-being days throughout the year and a competitive salary.

Cranton Sixth Form College and Riverside College are currently in a position of outstanding financial health, which facilitates significant investment in its staff, facilities, and resources.
