## Battersea

## Dear Candidate

Thank you for your interest in the post of **Teacher of Science**.

If you are a passionate **Biology, Physics or Chemistry specialist** looking for an opportunity to grow, inspire, and make a lasting impact, this could be the role for you. Our science department is vibrant, ambitious, and expanding, and we are seeking to strengthen our team with an **A-level specialist** who brings strong subject knowledge and enthusiasm for the life sciences. The successful candidate will contribute to delivering a rigorous and engaging Science curriculum, fostering curiosity about the natural world, and supporting students to develop strong analytical, practical, and investigative skills.

At **Harris Academy Battersea**, the academic, personal, and professional development of our students sits at the heart of everything we do. Our core values of **Knowledge, Integrity, and Resilience** underpin our culture and reflect the qualities we strive to instil in our young people. As a Teacher of Science, you will play a key role in promoting scientific literacy, encouraging critical thinking, and helping students understand the relevance of Biology to real-world challenges such as health, sustainability, and environmental change. You will also contribute to bringing our vision to life: *"We develop aspirational young people to thrive in a changing world."*

If you share our commitment to these values and are motivated to make a real difference to the lives of young people, we would be delighted to receive your application.

Yours sincerely

# Our Academy

Harris Academy Battersea is a mixed state secondary school serving a truly comprehensive community in the heart of London. We are an Ofsted '**Outstanding**' school with a track record of delivering fantastic outcomes year on year for our students. In 2023, [Ofsted visited the academy and judged us as remaining 'outstanding'](#), commenting on our "**highly ambitious curriculum**", the "**exceptionally high quality of education**" provided and noted that "**behaviour in the school is very strong**". Nevertheless, we are extremely ambitious for our school and as we seek to continue to grow and develop, we are looking for more brilliant people to join us.

Our Academy is centred on the [values](#) of **Knowledge, Integrity and Resilience** and these underpin the way we work for both students and staff. Our staff are inclusive, diverse and committed to our mission: we develop aspirational young people to thrive in a changing world.

HABS offers a broad, academic and challenging curriculum founded on six key curriculum aims:

- To develop deep, long-lasting knowledge
- To develop students into accomplished readers, writers and orators
- To provide experiences within and beyond the classroom that enrich learning and ensure students can make informed choices about their futures
- To equip students to challenge injustice in all its forms
- To enable students to understand how they learn
- To support students to reflect on their choices and values to improve themselves and their community

These aims underpin all elements of our curriculum, and **we see our core academic curriculum and wider personal development curriculum as intrinsically linked**. All staff at the Academy contribute to the personal development of our students through their roles as tutors and through their contributions to the wider life of the academy.

A thriving school can only function with fantastic staff, and our vision is to make teaching at HABS both **enjoyable and sustainable**. The wellbeing of staff underpins every decision we make, and we seek to ensure that every member of staff can enjoy a work-life-balance enabling them to bring their best to work each day.

At HABS, **professional growth and development** is central to our mission. Our professional development motto is 'improve, not prove' and leaders are relentlessly focussed on supporting staff in getting even better through a wide range of internal and external training opportunities.

As a part of the [Harris Federation](#), all staff in the Academy benefit from being part of our network of more than fifty primary and secondary academies across London. Vibrant networks of subject experts meet regularly and teachers can access bespoke support from our central teams of consultants.
