Main Scale plus Wren Academy Allowance

Required for September 2023

A great opportunity to work in a talented, highly motivated and supportive group of teachers who have contributed to securing the Academy's exceptional examination success and successful sixth form.

Located in the London Borough of Barnet, Wren Academy is sponsored by the Church of England and Berkhamsted School. The Academy has developed a strong reputation for outstanding teaching and learning, as demonstrated by our Progress 8 figure, which places us in the top 100 schools nationally. We are an all-through school with an established Sixth Form and a primary phase which opened in 2015. The engaging curriculum, and state of the art buildings have contributed to the academy's notable success.

The Academy is a forward-thinking establishment and welcomes colleagues who are enthusiastic and ready to help create powerful and effective learning experiences for all students. The Art department is a thriving part of the Wren community and offers Art to A Level. The curriculum is innovative and focused on developing students' lifelong love of Art, as well as achieving outstanding examination success at all levels.

Wren is a Multi Academy Trust and plans are well advanced to build new schools which will provide exciting professional development opportunities for the successful candidate.

We wish to appoint a colleague to this post who has:

- Outstanding teaching and interpersonal skills
- A strong academic Art background with the ability to teach the subject to GCSE essential and to A Level desirable
- Evidence of ambition and a commitment to continuing professional development
- The desire to maximise the performance of all students and ensure the very best progress for all

Closing date: 9.00am, Monday 19 June 2023 but applications will be considered as they are received.

Academy Information 2022-2023

Wren Academy Finchley opened in September 2008 as a new school sponsored by the London Diocese of the Church of England and Berkhamsted School. We have come a long way since the Academy opened to its first Year 7 in 2008 and are now an all through school with over 1500 students aged between 4 and 18. The Academy has continued to grow as we opened our Sixth form in 2013 and have taken on new primary cohorts since 2015. Wren Academy Finchley is proud of its successes having secured exceptional academic progress for our students at KS2, GCSE and A Level. We have also established a national reputation for excellence in teaching and learning, developing an approach that focuses consistently on enabling young people to be effective learners, regularly hosting visitors from the Republic of Ireland and Netherlands.

Our Sixth Form has grown in popularity since opening to our first Year 12 students in 2013. It has rapidly established a reputation for academic excellence, great study support and a rich and varied extra-curricular programme. Furthermore, we have proved our ability to help students achieve their ambitions by gaining access to the best university courses and employment opportunities.

In September 2020, Wren Academies Trust opened Wren Academy Enfield with the first cohort of Year 7 students. The Wren Academy Enfield will then grow each year to become a six form entry 11-18 school. The development of a second Academy has led to further collaboration and innovation with subject departments regularly sharing resources and aligning assessments to reduce workload. Further growth of the Trust will result in opportunities for continued Professional Development and career progression.

The Trust has established a national reputation for excellence in teaching and learning at Wren Academy Finchley, developing an approach that focuses on enabling young people to be effective learners. It is planned that Wren Academy Enfield will take the same approach resulting in similar success and achievements. The learning framework of the Academy is based on the 6 Rs which encourages students to be:

- Resilient
- Relational
- Redemptive
- Reflective
- Resourceful
- Reverent

These characteristics of effective learners are currently being included into a new teaching and learning framework, rooted in a research based evidence. Currently, a teacher working party is drawing on the latest findings in the science of learning to produce clear, manageable approaches which will utilise the most effective teaching strategies. In addition, all learning is supported by a digital tablet which are an expected item of equipment for each student. The use of this technology enhances learning within the classroom and at home.

The Academy has high academic standards coupled with a strong emphasis on developing students' social, cultural and learning skills. Our learning culture embraces all aspects of life at Wren, not just the lessons. Students are happy and make exceptional progress at the Academy as evidenced by the following:

- Excellent Progress at GCSE (P8 Scores: 2022: +0.87, 2019: +0.91)
- Amongst the highest non-selective schools in Barnet for Attainment 8: (2022: 65.28, 2019: 61.85)
- GCSE 5+ in English and Maths- 2022: 82%, 2019: 80%.

- Over-subscribed Sixth Form with excellent destinations for all students – in 2022, 4 students have progressed to Cambridge University and 1 to Oxford University)
- A Level grades: 41% A*-A, 86% A*-C (2022)

We were also delighted with the university and employment destinations our students are achieving. Most Wren Finchley sixth form students move on to the university of their choice with increasingly high numbers going to Russell Group institutions, with Oxford, Cambridge, Durham, Imperial and the UCL amongst our destinations. Wren students regularly win places on the most competitive courses, including Medicine, Dentistry and Law. Students also gained places at highly sought-after creative arts institutions such as Central St Martins as well as prestigious apprenticeships with companies such as Deloitte and Jaguar.

Wren is a comprehensive school, which welcomes students of all academic abilities and maximises their potential. We are also a vibrant and culturally diverse community and actively pursue the aspiration of becoming an anti-racist community. A particular focus of CPD in recent years has focussed on increasing staff understanding of racist language, behaviour and actions. We also have a black student focus group contributing to our wider understanding of the life experiences of our black community.

Our staff body of 96 teaching staff and 65 student services colleagues is inclusive and representative of the community in which we serve. All staff, whatever their role, are equally valued and the contribution of student services colleagues to the life and success of the Academy is celebrated. Our restaurant, centrally situated, is the heart and hub of our community. This provides a bright, clean, communal space where staff and students can socialise, meet and eat. Over the years, the restaurant has become the foundation for strong relationships across departments and staff groups ensuring that all staff benefit from friendship and support beyond their immediate teams. We have consistently recruited a talented and committed staff who share the ambition of creating a uniquely successful school.

Our curriculum is innovative, challenging and engaging. There is an extended school day, single sex teaching in core subjects and an extensive timetable of enrichment activities. Each half term we have a focus day on which the usual timetable gives way to in depth study of a range of issues. To further support learning and social development, we have a house system and there are vertical tutor groups for students Years 7-10.

Inspired by Sir Christopher's Wren our specialism is Design and the Built Environment. Key skills associated with our specialism, like planning and creativity, impact across all subjects. We work closely with a range of public and private sector partners in delivering the specialism and in ensuring it enhances but never dominates our curriculum.

We have a campus, which is architecturally innovative and visually impressive with a high emphasis being placed on environmental sustainability. The buildings provide for a wide range of teaching and learning approaches with larger, flexible learning areas and smaller group rooms alongside more traditional classrooms. The working environment for all staff is of a high quality.

Teachers are encouraged to innovate and adopt a research-focused approach to improving their practice. All teachers joining Wren receive a high quality professional development experience. We hope that simply by working at the Academy, teachers will become better practitioners and that much of the best professional development will be found in working with Wren colleagues. However, we explicitly prioritise CPD with an innovative CPD programme which provides three hours of CPD per week. Within this structure is an increasing focus on engaging with the latest educational research, with many colleagues undertaking small scale research projects related to their practice. Therefore, we are looking to recruit teachers who are currently good or outstanding and who have the desire to develop further. We want to appoint colleagues who possess real curiosity about the ways

in which children learn most effectively and who are always seeking to extend their practice into new areas and learning activities. It is important that Wren teachers are ambitious both for themselves and for their students. Many of our teachers have achieved career advancement within the Academy whilst others have moved on to promotion elsewhere.

At Wren you will be given time to plan and evaluate your lessons. You will be part of a learning dialogue with colleagues for which time is set aside. Most importantly of all, you will be working with young people who are talented and enthusiastic about their learning. We believe that observing other teachers at work and having them observe you is a professional entitlement. It is an expectation that all Wren teachers will be confident and open in seeing lesson observation as a key element of how we learn as professionals.

Other benefits of teaching at Wren:

- Children of colleagues working at Wren for over two years are given priority for a place in Reception or Year 7
- An exceptionally talented and mutually supportive staff team
- Talented, courteous and ambitious students
- Excellent professional development opportunities including support for programmes of further study and planned career development. This includes the opportunity to study for NPQs.
- Timetabled professional development time during the school day
- Planning and evaluation time during the school day
- A pleasant and attractive working environment
- Free refreshments and a daily lunchtime allowance
- 'Wren Allowance' in recognition of delivering enrichment activities and contributing to the wider life of the Academy.
- A lower student contact ratio than the norm

Art and Design Department Information

The Art department at Wren provides a dynamic, innovative and supportive environment where engaging and varied lessons enable students to realise their potential. There is strong emphasis on the teaching of drawing at all levels, in order to provide students with the necessary skills to succeed in new exam specifications. Students at Key stage 3 explore a wide range of disciplines such as ceramics, sculpture, painting, print-making, mixed-media and photography. At Key stage 4 and 5 students develop their knowledge and skills both practically and critically, studying towards an Art, Craft and Design GCSE and A-Level.

All of our students' study Art in Year 7 and 8. They are then able to choose to take Art in Year 9. Many then continue to study it at GCSE. Good numbers of students also opt to continue Art at A-Level.

There are currently 2 full time Art teachers and one part time Art teacher. All members of the department are dedicated to ensuring the best possible learning for all of our students. All Art teachers also teach Art in the primary.

The Art and Design department at Wren is committed to delivering high quality art teaching which challenges students and builds on individual strengths and aptitudes. Colleagues in the Art department are highly motivated and use their diverse skills to work together to develop, shared schemes of learning that reflect the aims of the department development plan. Our schemes of learning and lesson plans enable students to think in a number of ways, in line with the school policy on Building Learning Power. These schemes are regularly reviewed to ensure students are exposed to current affairs and a diverse curriculum and to prepare students for the requirements of the new GCSE specification. There is an open atmosphere in the department where staff can informally observe each other, and this helps to ensure a consistent approach to teaching and learning across the department. Activities are planned to enable students to work in a number of ways to enhance their learning. Lessons are tailored to individual needs; whilst the content is accessible for all students (with effective differentiation), we are also conscious of the need to stretch the most able. Art and Design teachers at Wren Academy have high expectations of all students. Future members of the department will be expected to contribute to the ongoing development of resources, whilst adapting existing resources to the needs of their classes.

Further to our provision on the curriculum, students also have the opportunity to study Art and Design as part of our enrichment programme. Art and Design teachers also teach in our primary phase, ensuring our youngest students develop key artistic knowledge and skills that they will then build upon in the secondary phase.

At GCSE our students have achieved 100% 9 – 4 whilst at A level, 100% of students achieved A*-C and most students have progressed to study art at a higher level, securing places at prestigious destinations such as Central St Martins College of Art and Russell Group Universities. All students are regularly assessed, and outcomes are moderated to ensure accurate and consistent assessment data. Support is provided through the line management process, and regular planning and evaluation meetings to ensure all members of staff are confident in their judgements. This is one of many professional development opportunities available at Wren.

The staff in the Art and Design department at Wren Academy are keen to use their skills and encourage students to the same in the wider school community. Aside from existing enrichments there is opportunity to contribute in other ways to ensure that students have an exciting curriculum in art with rich and varied opportunities and that there is a strong relationship between the creative subjects. Enrichment projects have included: An exclusive collaboration with the Victoria and Albert Museum; The Thames Festival 'Rivers of the World' project; Visiting artists; trips to London cultural institutions and contributing to other departments, such as creating the set for annual drama productions. We recognise the creative artworks made by our talented students and they also have the opportunity to submit their artwork in exiting competitions such as The Young Artist Summer Show and The

Fourth Plinth School Award. A teacher joining the department will be encouraged to develop innovative enrichment opportunities.

We are keen to exploit the technology at our disposal, and make regular use of ICT in lessons and home learning tasks. All students bring their own tablets to school and we make full use of these to support their learning. The department are currently developing a 3-D model animation project for Year 8 using this technology with the help of our student curriculum adviser team.

In conclusion, the Art and Design curriculum at Wren is delivered through innovative and well planned lessons which meet the needs of all students and, we hope, facilitate exceptional progress.

Please contact Niki Neocleous, Head of Art and Design if you wish to discuss your application further, niki.neocleous@wrenacademy.org.
