

Devonport High School For Boys

Teacher of Art

Two members of the teaching staff deliver KS3, KS4 & KS5 Art all through the AQA exam board. We also have an art technician within the department.

We welcome all student applications to continue through Year 9, then into GCSE and possibly onto A Level. Therefore we are seeking an enthusiastic teacher to deliver art across KS3 Year 7 & 8, KS4 Year 9 to 11 and also KS5 where Year 12s and 13 students are taught together.

We are fortunate enough to have two well-equipped art rooms, with interactive screens and visualisers. We are very passionate about offering a wide range of opportunities for our students.

At GCSE we can offer fine art, drawing, painting, printmaking, photography, digital media, ceramics, sculpture, textiles, installation art and mixed-media so potential candidates with a broad knowledge of art practices, materials and processes would be very desirable.

Candidates will be passionate about education in general, and about the impact that art can have on students and be committed to a shared vision about the future direction of the department.

Further information

Please take a look at our school website at www.dhsb.org where a wealth of information can be found.
