Join an Outstanding Team!

Our Team

The Business, ICT and Media faculty has grown significantly in popularity over the past five years, now with 75% of our examination students studying at least one subject from the faculty. We are so proud of the popularity of our subjects and our students' enthusiasm for this. This can be attributed to the positive learning experiences that they have. We work collaboratively as a team to ensure students develop a broad and thorough understanding of our subjects. Our ethos is based on the sharing of resources and teaching practices, within and across the subjects, so that our students experience consistently outstanding learning.

The Post

This is an exciting opportunity for an engaging and confident **Teacher of Business Studies** to join this thriving school from January 2025. For the successful candidate we can offer the opportunity to join a collaborative team with highly experienced teachers and leaders working in the faculty. We continue to achieve excellent grades across all the subjects and year groups within the faculty, but there is always room for progress of which our successful candidate will play a pivotal part. We are looking for an inspirational, energetic and reflective individual who is passionate about developing excellent levels of engagement attainment and achievement across the board.

We are primarily looking for an applicant who can teach Business Studies at KS4 and KS5, however the ability to teach computing, IT or Media would also be of interest to us.

Our Curriculum

Business Studies - At Key Stage 4 and 5 the school offers a vocational pathway offering a BTEC Tech Award at Key Stage 4 and the BTEC National at Key Stage 5. At both levels student outcomes are significantly above National averages with a large proportion of students at Key Stage 5 going on to continue their study of the subject at University.

Our Facilities

The faculty has excellent facilities and is located in the Technology Learning Centre, which we share with the Art and Design Technology Team. Our classrooms have recently been refurbished and modernised. We have 4 dedicated ICT suites, all well equipped with relevant software, as well as two classrooms. In addition to this, there is access to two further ICT suites in the Technology Learning Centre.

Each room is equipped with a projector and each member of teaching staff has a laptop.

We are proud of being part of the Latimer team: if you share our passion and enthusiasm, we would love you to apply for this post!
