# An introduction to Pioneer Educational Trust

Welcome to Pioneer Educational Trust. As Co-CEOs, we are proud to lead our family of schools and would like here to provide you with a short history of our organisation, our school improvement model and our ambitions for the future.

## Our journey

Pioneer Educational Trust is a small multi-academy trust in Berkshire serving children and young people aged 3 to 18.

Pioneer Educational Trust (then Upton Court Educational Trust) was first established in January 2014 when Upton Court Grammar School in Slough sponsored Foxborough Primary School. Foxborough Primary School had, in June 2013, been put in special measures by Ofsted. In November 2016, Trevelyan Middle School joined our MAT. Following a school improvement journey in both schools Foxborough Primary School was judged as a Good school by Ofsted in May 2019 and Trevelyan Middle School judged Good with Outstanding for Behaviour and Attitudes and Personal Development in October 2019 following twenty years of Requires Improvement judgements. Upton Court Grammar School continues to perform in the top 3% nationally for P8. We are incredibly proud of our schools' achievements and the strong relationships that exist between them.

*"Trustees of the multi-academy trust (MAT) have a clear vision for the school. They work closely with governors and leaders to ensure that teachers' workload is manageable. Leaders enable subject leaders and teachers to work with others from across the trust to develop expertise. The chief executive officers of the MAT support leaders well to ensure that high standards are maintained." (Ofsted report, Nov 2019, Trevelyan Middle School)*

*"The MAT has played an instrumental role in supporting the school's improvement. The MAT has also wisely given the well-being and professional development of staff a high priority. This has helped to stabilise staffing after a period of some turbulence. Collaborative working with other schools within the MAT, and the provision of high quality professional training and support, have led to sustained improvement." (Ofsted report, May 2019, Foxborough Primary School)*

## Who are we?

We are a values-led, evidence-informed organisation that acts in line with our commitment to provide all pupils with equal access to an outstanding education. Driving equality and celebrating diversity is at the heart of what we do - our schools are diverse learning communities with their own unique contexts and needs, which we celebrate and draw strength from.

Pioneer Educational Trust is outward-facing demonstrating a commitment to both the local and educational communities. Upton Court Grammar School is part of the Slough Teaching School Alliance working in collaboration with local schools to offer Initial Teacher Training and leadership development. In RBWM, Trevelyan Middle School works meaningfully with the Windsor Learning Partnership. A number of colleagues are Specialist Leaders in Education and contribute to school improvement work across the boroughs and beyond. In addition, colleagues lead or engage in a wide range of networks locally and nationally, for example, Whole Education, DiverseEd, WomenEd, LGBTed, DisabilityEd and BAMEed, and local subject networks.

Pioneer seeks to shape the educational landscape and is unapologetic in promoting its core aims more widely.

## School improvement

We invest in our workforce so that, in turn, the workforce invests in our learners. We seek to add value, not just act as another layer of monitoring and accountability. As such, our school improvement model is underpinned by a commitment to: inspire collaboration within, between and beyond its schools; provide exceptional system leadership; and, deliver wide-ranging, high-quality professional development opportunities that enable all colleagues to grow professionally and personally. Our systems for monitoring and accountability are both humane and robust; they ensure that high standards are set and maintained, and treat professionals as professionals. We adopt a coaching 'way of being' and apply the principles of vertical leadership development through our policies, procedures and practices.

#### Our school improvement model is based on four facets:

- Our **pioneering model for excellence in CPDL** is underpinned by the Trust's four values Providing excellent CPDL is at the heart of our school improvement model and we aim to provide personalised, meaningful, high-quality growth opportunities for all.
- Pioneer's **WorkWell strategy** seeks to reduce unnecessary workload and promote staff wellbeing. We believe in treating our colleagues as professional adults who are encouraged to make positive choices in identifying how to manage their workload, how to achieve work-life balance and how to support their own wellbeing.
- Pioneer believes firmly in the power of collaboration and partnership working enabling all colleagues to contribute meaningfully to school improvement. Our approach to school-to-school collaboration and system leadership enables engage to work constructively and productively in partnership with one another and drive school improvement in all its guises.
- Pioneer sees itself as providing more than just another layer of accountability. Our systems for quality assurance and peer review are both humane and robust, ensuring that high standards are set

### Continuing professional development

Pioneer Educational Trust aims to be the employer of choice as a result of its commitment to professional development for all staff, a positive and enriching working environment and outstanding leadership development opportunities. We invest heavily in professional development for all colleagues and seek to provide the 'proper conditions' through which 'unimagined resources of creative human energy'<sup>1</sup> can be released strengthening the culture of self-responsibility<sup>2</sup>. Key components of our CPDL model include:

- Our **appraisal** policy that provides a lynchpin to other structures and systems, including our QA / QI model, programme of CPDL, etc. Through rebalancing appraisal on development rather than accountability and applying a coaching approach, we create a deliberately developmental organization in which all can thrive.
- **CPDL Wednesday**. From September 2019, the school day at all Pioneer schools was changed to finish one hour early each Wednesday providing departments and teams with increased opportunity for collaboration and professional development.
- **QI entitlement**. Our QA system is complemented by personalised and bespoke development opportunities for every member of staff including an 'entitlement' to Quality Improvement the purpose of which is to provide teachers, TAs and HLTAs with the opportunity to engage in coaching, reflect on and debate the ways they teach, and feel deeply involved in their own professional learning.

### What we offer

Pioneer Educational Trust provides a number of operational services to each of our academies. Managed centrally, by our Central Team, these are designed to help ensure the smooth running and operation of each of our academies. These services include Facilities, Health & Safety, Finance, IT and HR. Centralising core operational functions allows the leaders in our academies to focus on the teaching and learning environment, all the while knowing that there is team of specialists on hand to support and lead with the 'back-office' functions. Sharing these services across our Trust provides financial security for our academies and while the Director of Finance has the overview of all financial matters and is expected to provide savings through procurement, income generation and efficiency, at local level, schools still make decisions about how they spend their own budget.

### Where next?

This is an incredibly exciting time to be joining our organisation! We are about to embark on a three-year strategy that seeks to pioneer and push the boundaries beyond that of a typical MAT. If successful, you will be instrumental in realising these ambitions alongside us.

<sup>1</sup> Douglas McGregor, 'The Human Side of Enterprise', Leadership and Motivation, Essays of Douglas McGregor, 2, no.1 (1966), pp.6-15

<sup>2</sup> John Campbell and Christian van Nieuwerburgh, The Leader's Guide to Coaching in Schools: Creating Conditions for Effective Learning, (London: SAGE Publications Ltd., 2018).

If you believe in driving equality, usualising diversity and championing inclusion, if you want to challenge socio-economic disadvantage and make a lasting difference to our community, if you believe in the power of collaboration and seek to invest in your own and other's continuing professional growth, then Pioneer Educational Trust may very well be the MAT for you.

Antonia Spinks & Eddie Neighbour  
Co-Chief Executive Officers  
Pioneer Educational Trust

## Our School

Upton Court Grammar School is a selective secondary school with just over 1000 students aged 11-18. The school is proud of its history and upholds the traditions associated with grammar schools: expectations of the highest possible attainment, hard work, commitment and behaviour which will allow effective teaching and learning to take place. Our students achieve the highest grades at all levels but we are most proud of the exceptional progress they make. In 2018, Upton Court Grammar School was ranked in the top 1% of secondary schools in the country for student progress, making it one of the top grammars school in England on this measure.

At Upton Court Grammar School we aim for clarity in all things and can articulate our mission in one sentence:

*Upton Court Grammar School ensured all students fulfilled their academic and personal aspirations and became successful and engaged citizens.*

Our mission is written in the past tense so we can hold ourselves to account for making it a reality. In addition, all staff and students have their own mission-sentence, which connects our present to the future and gives meaning to our work and study.

At Upton Court Grammar School we have four core values that our staff and students live by: *Unity, Curiosity, Growth and Service*. These UCGS values inform our decision-making and guide us in our actions every day.

## Our Vision for the Future

Upton Court Grammar School seeks to:

- become a centre of excellence and creativity in learning and teaching;
- equip students with the ability to articulate their ideas with confidence in an increasingly competitive international work environment;
- encourage the belief that it is not enough to do *well*, but that we must also do *good*; everyone has the potential and opportunities to make our world a better place.

Within the school we resolve to:

- promote the highest academic standards and enable all students to be successful at every level;
- be concerned for the education of the whole person;
- seek to produce self-reliant, conscientious and inquiring people who will go on actively learning for the rest of their lives;
- value all young people and get to know them well.

At the end of their education at Upton Court Grammar School, young people will have been prepared for life in a modern, multicultural democracy and will promote British values through working constructively with the local neighbourhood and wider communities.

## **Our Team**

At Upton Court Grammar School we have energetic and dedicated teachers, middle and senior leaders and are committed to the principle of 'teachers as leaders of learning'. Our commitment to high quality professional development seeks to provide the highest standards in all aspects of our practice. The school supports the training of PGCE students from Brunel University, Reading University and many more. Teachers new to the profession are supported by an Induction Tutor, an ECT Coordinator and undertake an innovative programme to help them thrive.

Teachers and support staff take ownership of their own professional development. The school has supported a number of teachers who have undertaken Masters degrees, NPQML, NPQSL and NPQH programmes. In addition, the school has also supported and funded unqualified teachers who wish to secure Qualified Teacher Status (QTS). A number of support staff have also been supported by the school in achieving recognised qualifications in HR, Finance, Accounting and Catering.

More recently, the school successfully has led a cross-Slough leadership development programme called 'Leading With Impact', designed to nurture and develop aspiring leaders from diverse backgrounds through the provision of positive role models and leaders.

Full time teachers engage in 18 hours of CPDL through the course of the academic year and the school has dedicated time each week to CPDL. A proportion of CPDL time is self-directed to give teachers the autonomy to direct their own development. We plan additional development opportunities through our 'Pioneer Presents...' evenings with guests speakers, as well as leading TeachMeets and LeadMeets.

## **Our Partnerships**

Through our membership of the Slough Association of Secondary Heads (SASH) and our designation as lead school within the School Direct Slough Partnership, Upton Court Grammar School has strong relationships with all of the local secondary and primary schools and partner schools in Slough as well as wider relationships with the University of Reading, Brunel University and the Institute of Education. In addition, the school is a member of a number of national networks including PiXL, WomenEd, LGBTed, BAMEed, Ambition School Leadership and the Future Leaders Programme. In January 2020 we hosted the national Diverse Educators Conference here at Upton Court Grammar School and our staff and students were involved in leading and facilitating workshops, exhibits and learning. We are a National Support School, a lead school in the Slough Teaching School Alliance (STSA) and are currently in the process of developing international partnership working to enhance our provision.

## **Our Successes**

The most recent OFSTED inspection (November 2022) graded the school as "Outstanding" in all areas. The school has a national reputation for excellence and achievement and secures some of the highest outcomes for students in the country. The school is also a directly licenced centre for the Duke of Edinburgh Award and an increasing number of students have successfully completed their Bronze, Silver and Gold Awards. Over the years, a number of students have also been successful in securing places at Oxford, Cambridge and Russell Group universities. The school, and one of its teachers has also been nationally recognised by the British Science Association for their work with CREST. Through the CREST programme, 22 Silver Award and 2 Gold Awards have been issued to students of Upton Court Grammar School.

## **Our Facilities and Benefits**

The original school building dates back to 1936. The school has already made significant changes to our facilities through a multi-million pound government investment under the Growth Fund and The Academies Capital Maintenance Fund. So far, improvements have included a new building for the English Department in 2012, a new state of the art Restaurant and Sixth Form Centre in 2013 and new classrooms, science laboratories and performing arts facilities in 2017. The building programme finished in Summer 2019 with a brand new purpose built 4 Court Sports Hall and two Multi Use Games Areas (MUGA). The level of investment in the school means that we enjoy some of the best educational facilities in the south-east.

The school offers free refreshments to staff during the school day, complimentary lunches at Christmas and at the end of the school year. The Trust also provides an Employee Assistance Programme to all staff within the Trust Schools. Through this, staff can access support and advice on any number of things such as wellbeing, work-related issues, housing, family, financial and legal support. There is also an employee benefit scheme which offers savings and discounts across a number of well-known retailers and services. Staff across the Trust can also receive a free, annual flu vaccination. The Trustees are also active in recognising years of service for staff. Service is designed to reward loyalty to the school and recognises those who have accrued between 3 and 30 years of service.

### Our Location

Upton Court Grammar School is located just outside of West London. There are direct bus and rail links to Windsor, Maidenhead, Reading and London. The school is also very close to the M4 and M25 motorways and Heathrow Airport providing national and global connections. Furthermore, due to improvements being carried out by Network Rail, Crossrail links now provide quicker direct access to Central London.

### 2021 - 2022 Key School Facts

Type of School	Selective Secondary Academy Converter (MAT: Pioneer Educational Trust)
Age Range	11-18

Progress 8 score	+0.51
Attainment 8	74.9
Students achieving 5+ A*-C GCSEs (inc. English & Maths)	100%
A-Level results APS per entry	31.60

## **Upton Court Grammar School Chemistry Department**

Upton Court Grammar School is a highly successful school which offers a quality education as attested to by our recent OFSTED inspection which found us to be outstanding in all categories. As a grammar school, it is our aim to provide opportunities for pupils of all abilities to achieve to their maximum.

Our school is successful because it has a team of well-qualified and committed people, both teachers and support staff, who are prepared to take an interest in every child. We consider all appointments to our staff to be crucial to the success of the school. The Principal and Governors are committed to the development of both the school and its staff.

The Science Department is a forward-looking Department which makes a real difference in the life of our students, moving them towards a better future and believes that in seeking excellence, one must look to the solution not the problem, encouraging the students to work to overcome difficulties in order to succeed. We provide a vibrant, exciting learning experience for all pupils led by subject experts whose first concern is the progress of their students. Our students can expect fascinating lessons where in-depth Science is presented in the wider world context. We are looking for a well-qualified and enthusiastic teacher of Chemistry to contribute to the work of this lively and successful Department.

The Science Department has nine recently refurbished laboratories, The Department is committed to the delivery of broad and balanced Science throughout the school. In Years 7 and 8 the National Curriculum is delivered through 3 hours per week of Science, following the Activate scheme of work. In year 7, the students have one Science teacher covering aspects of all three Science subjects. In year 8, the students have separate Chemistry, Physics and Biology teachers. At GCSE, students study for either separate Sciences or Double Science at higher level on the AQA specification. Most members of the Department teach only their specialist subject at GCSE. This is also the case at A level. The Department has a tradition of high academic success with many of our A Level students going on to higher education in Science & Technology.

The Science Department has developed strong links with universities which bring inspirational lecturers into school and with local businesses whose involvement enhances the educational experience. We encourage student involvement both curricular and extra-curricular and run exciting activities and educational visits to enhance and extend students.

The Science Department is well supported by three subject specialist technicians.

### **Chemistry at AS and A2**

The OCR Chemistry course is taught at AS and A2 level with excellent results. The course is based around practical application and relevance to everyday life. Core practicals are an essential feature of A level Chemistry, since they contribute to the Science Practical Endorsement award. Students are motivated by the enthusiastic and expert delivery of the curriculum by the Chemistry team and the opportunities offered them to join in with the wider life of the Department.

### **Chemistry at KS3 and KS4**

At KS3, Chemistry is taught as discrete units written by us as part of a broad and balanced Science course covering the objectives of the National Curriculum. We have based this on the Activate course and have the Activate books to support the students in lessons. Teachers are expected to be able to deliver all three sciences at KS3.

At KS4, we currently follow the AQA A Science specification. We mostly teach in our own specialism but often teach one other Science at GCSE and we would expect the successful candidate to be able to offer at

least two Science subjects at GCSE. Most of our students take the Separate Sciences. Some students will take the Double Science (Trilogy) option in Year 11. Schemes of work and Unit Plans for GCSE have been written in-house and are regularly updated.

preparing the way for others to follow

## Why work with Pioneer Educational Trust?

Through our WorkWell Pledges, we place workload and wellbeing is at the centre of Pioneer Educational Trust.

We offer our staff the following benefits:

- Excellent ongoing CPDL
- Priority admission for children of staff
