WELCOME TO QUEEN MARY'S HIGH SCHOOL

April 2024

Dear Applicant,

Vacancy for the role of Teacher of Chemistry

I would like to thank you for taking the time to find out more about Queen Mary's High School and the Teacher of Chemistry vacancy.

Queen Mary's High School is a diverse, busy and happy school. Care for the individual lies at the heart of our provision. We are not a school where one size fits all, but we are a school in which diversity thrives, is encouraged and is celebrated. Whilst academic achievement is a key part of our school culture, we recognise that there is much more to learning than that which takes place in the classroom. Our students benefit from and enjoy a range of extra-curricular activities. This includes participation in our competitive House system, opportunities in sport, music and drama, residential trips and visits along with a range of other clubs and societies. We have a long and established tradition of educating the thinkers, doers and change makers of the future and have been doing so for over 125 years. Queen Mary's High School is a school which is proud of its heritage and tradition whilst simultaneously being committed to developing staff and students who are outward facing, innovative and ready to take on a challenge.

Queen Mary's High School has a dedicated, expert and conscientious teaching staff, ably supported by superb associate staff. Our ethos and values are demonstrated by the endeavour of all in our school community, who work together to ensure the highest standards of academic achievement, and to provide excellent pastoral care that supports, nurtures and empowers our students in achieving this excellence. Partnerships between school, parents and pupils enable examination success and wide-ranging life enriching opportunities outside of the classroom prepare and equip our students to meet the challenges of a rapidly evolving world.

We are seeking to appoint a well-qualified and talented teacher to join our Chemistry department. The successful candidate will enthuse and inspire our young scientists. Experience in a grammar school setting is neither required nor expected. We welcome applications from motivated, inspirational teachers. The successful applicant will become part of a collaborative and supportive staff body, who share a vision to realise and achieve ambitious outcomes for every individual in our school.

If you are, like us passionate about having a positive impact on young people's lives, and excited by this opportunity to teach exceptional young people, we warmly welcome your application.

Best wishes,

Nicola Daniel
Headteacher

ABOUT US

Queen Mary's High School is an 11 to 18 selective girls' grammar school with approximately 940 students. There are a small number of male students in the sixth form.

Since the school's successful bid for funding from the Selective Schools Expansion Fund (SSEF), it has been able to increase its PAN and to engage in outreach to the local community with the aim of increasing the number of local disadvantaged children being admitted to the school. This, together with the inclusion of a lower qualifying score for disadvantaged local children, has resulted in the average percentage of disadvantaged students admitted to the school in Years 7-9 being 29% with the aim of this rising to over 30% for the whole school over time.

Located in the heart of Walsall, Queen Mary's High School has been educating young women since it was founded in 1893. We are a busy, friendly and energetic school with a distinctive family-oriented ethos, a positive culture and an ambition for success. We draw our students from a wide area including Walsall, Birmingham, Wolverhampton, Sandwell and Staffordshire.

Our aim is to enable each student to achieve excellence in all aspects of their life. In order to achieve this, we seek to:

- Provide opportunities for each student to achieve the highest possible standards
- Inspire a love of learning for its own sake
- Foster self-esteem and sensitivity to the needs of others
- Develop an appreciation of our cultural heritage
- Equip each student to take a responsible place in society

THE TRUST

The Mercian Trust's name is both rooted in history and indicative of a geographical identity and ambition.

It was in Mercia that St Chad established an association of small monasteries which fostered unity through bonds of kinship. The Trust intends, a thousand years later, to adopt the same spirit of kinship in our approach to a Multi-Academy Trust. The Trust recognises the unique history and achievements of constituent schools and academies that are part of the Mercian family.

The Mercian Trust recently merged with the Q3 family of schools, it is a unique multi academy trust based in Walsall and Sandwell with selective grammar schools, 11- 16 and 11-18 comprehensive schools, a Studio School and The Ladder school, an Alternative Provision Free School.

Together our mantra is 'Life to the full in pursuit of what is good, right and true'.

We define this as equipping students to:

- Fulfil their potential
- Thrive in the world of work (when they leave our schools and sixth forms)
- Make a positive contribution to their families and the local, national and international community.

The Mercian Trust and Q3 family of schools are:

- Aldridge School
 - Queen Mary's Grammar School
 - **Queen Mary's High School**
 - Shire Oak Academy
 - The Ladder School
 - Walsall Studio School
 - Q3 Academy Great Barr
 - Q3 Academy Langley
 - Q3 Academy Tipton

CHEMISTRY AT QMHS

Our Ofsted inspection in October 2021, judged the quality of education to be outstanding, recognising particularly the high quality of the curriculum, teaching and learning in all science disciplines. The Sciences at A Level are exceptionally popular, successful and oversubscribed.

Students at Queen Mary's High School are aspirational, articulate and eager to learn. A significant number aspire towards careers in the medical professions, engineering and biochemical science disciplines. A significant and increasing number of students progress into STEM related higher education courses.

This outstanding provision in the science department supports the exceptional academic outcomes of our students. In our results for Summer 2023, 81% of entries in GCSE Chemistry were awarded a Grade 7-9 and at A Level, 61% of entries in Chemistry were awarded at A*-B.

The science department has a record for success and innovation, practical investigation is a strength and well embedded throughout the curriculum from year seven. The team is committed to rigorous, consistent and effective teaching methods. We discuss our practice, and share pedagogy on a regular basis, both informally and as part of our CPD. We are a team that loves our subjects, and we are passionate in our approach to sharing and nurturing this in our students and supporting them to achieve their very best.

We support our students to become independent, inquisitive and resilient scientists. We run weekly clinics for students to seek help and a school wide peer mentoring programme. Science enrichment opportunities are varied and include masterclasses, the Salter's Chemistry Competition and Biology Olympiad. Sixth form students take part in the Engineering Education Scheme working in partnership with local industry expertise. Our potential medics are well prepared through the thriving MedSoc, where they are expertly supported with applications to university through a variety of experiential workshops, work placements and profession shadowing opportunities.

Students in all year groups are encouraged to take part in national competitions, participation is high, and our students have gained much success. We develop our STEM enrichment through curriculum visits, for example, to Bletchley Park and we offer a range of support and enrichment clubs, such as our Coding Club 'Girls who Code'. Student participation, leadership and peer to peer support is a valued and successful characteristic of our subject support.

Our Biology, Chemistry and Physics Subject Leaders are expert practitioners, experienced in middle leadership and skilled at leading their respective teams, but the culture of collaboration and interdisciplinary support is significant across their disciplines. The science department at Queen Mary's High School is a vibrant and supportive place to teach and to learn, for the student and the teacher alike.

THE ROLE: TEACHER OF CHEMISTRY

As a Teacher of Chemistry, you will carry out duties in line with the conditions of employment as set out in the current School Teacher's Pay and Conditions document, and the Trust's policies and procedures.

Job Purpose:

- To secure high quality teaching and learning, the effective use of resources and high standards of achievement for all students directly taught.
- All teaching staff are expected to meet the requirements of the Teachers' Standards and these encapsulate the role of a teacher at Queen Mary's High School.

Teaching and Learning

- Having regard to the curriculum for the school, plan and teach challenging, well organised lessons and sequences of lessons, informed by secure subject knowledge:
- Planning and preparing stimulating and interesting courses and lessons for pupils in KS3, KS4 and KS5;
- Teaching, according to their educational needs, the pupils assigned to her/him, including the setting and marking of work to be carried out by the pupils in school and elsewhere;
- A keenness to share in the Queen Marys' High School ethos which aims to support each student as they seek to fulfil their potential through academic excellence and personal development.

General

- Adhere to the policies of the school and The Mercian Trust, as published and amended from time to time, in particular, policies relating to the safeguarding of children.
- Work towards and support the school vision and the current school objectives outlined in the School Development Plan.
- Contribute to the school's programme of co-curricular activities.
- Work within the school's health and safety policy to ensure a safe working environment for staff, students and visitors.
- Work within The Mercian Trust's Diversity Policy to promote equality of opportunity for all students and staff, both current and prospective.
- Maintain high professional standards of attendance, punctuality, appearance, conduct and positive, courteous relations with students, parents and colleagues.

Review and Amendment

This job description should be seen as enabling rather than restrictive and will be subject to regular review. The Headteacher may ask you to undertake any additional responsibilities that may be deemed reasonable.

SAFEGUARDING AND SAFER RECRUITMENT

- Queen Mary's High School is committed to safeguarding and promoting the welfare of children and young people as required under the Education Act and expects all staff and volunteers to share this commitment.
- You are required to:
 - Uphold the school's policy in respect of child protection and safeguarding matters.
 - Have commitment to the school's equality policy.
 - Ensure any extra-curricular activities will be free from partisan, political and religious view (where political issues are discussed, a balanced view is always presented).

HEALTH AND SAFETY

The Law requires employees to:

- Take reasonable care of their own health and safety and that of others who may be affected by what they do at work.
- Co-operate with their employers on health and safety matters.
- Carry out their work and duties in accordance with training and instructions.
- Inform the employer of any work situation representing a serious and immediate danger, so that remedial action can be taken.

OUR OFFER

- A superb staff team committed to doing their absolute best for all in our school community.
- Support from our Trust central teams and other schools in our Trust to ensure you have the tools to deliver success (our schools are all located close to one another, and we work better when we are working together).
- A wealth of support for your ongoing continuing professional development, including a Trust-wide programme for teachers at all career stages, including an exceptional Early Career Teacher programme drawing on expertise from across the Mercian Trust.
- A comprehensive employee assistance and staff benefits package including Simplyhealth (cash-back health plan and 24:7 video call and telephone access to GP and counselling), salary sacrifice schemes including our new Electric Car scheme, and discounts portal (ranging from gym membership to discount cards and vouchers for online and high street retailers).
- There will never be a dull moment; we never stand still, every day offers new challenges and opportunities within an ambitious, forward-thinking team.
