Teacher of Computer Science and Information Technology MPS/UPS

Kepier is seeking to appoint a highly motivated and enthusiastic Computer Science and Information Technology who is keen to make a difference. Having experience teaching Mathematics is desirable but not essential. You will be a practitioner who has the vision, energy and drive to build on existing strengths and the ability to move the subject forward. We encourage applications from ECT's as well as experienced teachers.

Kepier is a good School with a great reputation for supporting staff. We have exceptional standards and systems for behaviour management, CPD and teaching resources. 'Impeccable' was a word used by inspectors in our recent Ofsted inspection.

The school is fully committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share in this commitment. As part of our due diligence and to comply with our obligations in line with Keeping Children Safe in Education, an online search of publicly available information will be undertaken for all shortlisted candidates. All School posts are exempt from the Rehabilitation of Offenders Act 1974 and therefore applicants will be subject to appropriate background checks and vetting including an enhanced DBS check and checks against the children's barred list.

Application form, job description and person specification are available online at www.kepier.com. Application forms only, (please do not attach additional letters or statements), should be returned to recruitment@kepier.com no later than 12 pm noon on 7th February. It is hoped that interviews will take place before half term.

We fully appreciate the time and effort required in completing an application and, whatever the outcome of this particular process, we are grateful for your interest in working at Kepier and wish you every success with your future career. Applicants who have not been contacted within 2 weeks of the closing date should assume they have been unsuccessful.
