

KESTEVEN AND GRANTHAM GIRLS' SCHOOL

Judged as OUTSTANDING in all areas (Ofsted - September 2023)

Required from September 2024

Teacher of Computer Science (0.6 fte)

We are seeking to appoint an enthusiastic, innovative and inspirational Computer Science teacher to join our successful selective girls' school, which consistently achieves high standards of both progress and attainment. You will be well qualified and able to teach Computer Science to GCSE level whilst the ability to teach Computer Science to A-level would be an advantage but not essential.

The Enterprise faculty which Computing is part of, is committed to providing a full range of extra-curricular and enrichment activities, including BEBRAS, Amazon GetIT, Code Club and other STEM related activities, such as the GCHQ Cyber Discovery competition. A willingness to participate in these activities and to contribute to the wider life of our school community is essential.

If you are interested in working with enthusiastic and highly motivated students in a supportive and suitably challenging environment at a school that is recognised nationally for its outstanding practice, then we would like to hear from you.

This is a part-time position, 3 days per week in the first instance.

Applications are welcome from both ECT's and more experienced colleagues.

Closing date for applications: 10am Monday 26th February

Please note that KGGs reserves the right to interview and make an appointment prior to the closing date.

Application forms and further information can be downloaded from our school website. Please return application forms to:
