# General Information

## THE SCHOOL

The school is named after William Allen, a Lancashire man, who was born in 1532 and is known to have lived as a young boy at Rossall near to the site of the school. William Allen founded the English Seminary at Douai and the English College in Rome in order that young Englishmen could be trained as priests during the Reformation and return to England to keep alive the Catholic faith.

Our 800 pupils form a friendly, open school, in which discipline is good and where a high value is placed on order, respect for others and personal endeavour. This means that we can be rightly ambitious for all our pupils and encourage them all to have high expectations. We are once again oversubscribed for September 2025 having received nearly 400 applications for the 166 places available.

Our school is constantly striving to achieve higher standards as reported by [Ofsted](#) and in our [Section 48 Denominational Inspection Reports](#). We recently enhanced our status as a Fairtrade school by being designated a FairAchiever School, we are one of only twelve Eco Ambassador Schools in the country and have been redesignated a Full International School by the British Council. We have held SGQM Centre of Excellence status for several years, have been awarded National Eco School of the Year, and we are a strategic partner in the Catholic Teaching Alliance.

## OUR MOST RECENT INSPECTIONS

Our most recent inspection reports say great things about the school and our pupils:

“The students at Cardinal Allen embrace and benefit from the opportunities for Catholic life and mission offered them by the school. Most feel deeply cared for and respected in their uniqueness and human dignity.” (Section 48)

“Pupils are happy to attend this kind and welcoming school” (Ofsted)

“Behaviour in lessons is outstanding and pupils are able to understand how well they are doing, following regular formative feedback from their teachers.” (Section 48)

“Pupils, including those with SEND and disadvantaged pupils, become confident readers. Pupils who find reading difficult are well supported to catch up. Pupils enjoy reading a class novel with their form teacher. They can also choose to take part in group reading with the librarian or to read a book of their choice independently. These activities help pupils to develop and broaden their vocabulary so that they become accurate and fluent readers. Pupils’ extensive vocabularies and secure comprehension skills enable them to achieve well in many subjects across the curriculum. Pupils take advantage of the ample opportunities to read for pleasure in order to find out about different cultures, lives and experiences.” (Ofsted)

“Students are provided with excellent opportunities for prayer and liturgy at Cardinal Allen and they respond enthusiastically and with interest” (Section 48)

## THE PLACE

The school is situated between Fleetwood and Cleveleys in a pleasant residential area near to Rossall Beach. The school is within easy reach of the M55 motorway, which allows quick access to Preston, Manchester and the Lake District. The cities of Preston and Lancaster are both just a 30-minute journey following the completion of two major road developments on the M55 and A585.

## THE DESIGN TECHNOLOGY DEPARTMENT

The Design Technology department comprises three members of staff. There is a strong sense of team spirit and mutual support, as well as a passion for the subject and a determination to deliver a curriculum that will improve outcomes and allow each pupil to reach his or her potential. Teaching in the department is strong, with pupils enjoying lessons in this popular subject.

The department is well resourced, with classrooms based in the main school building. There are two fully equipped traditional workshops, an electronics workshop, dedicated computer design suite and food technology classroom. In our modern food room, there are a combination of gas and electric ovens, as well as air fryers to allow pupils to learn to cook in a variety of ways. Our workshops have six 3D printers and two laser cutters, and the dedicated Design Technology computers have a range of specialist packages, such as 2D Design, Rhino and several other CAD packages. All three main classrooms also have new ViewSonic interactive TV screens and visualisers.

## CURRICULUM

For Years 7-10, the school timetable follows a 50-period two-week cycle, with pupils enjoying four periods of DT in Years 7 and 8 each fortnight, and three periods in Year 9 each fortnight. In Years 10 and 11, pupils have six periods of their option subjects every two weeks.

At KS3, all pupils study Product Design, Food and Nutrition and Electronics. At KS4 we offer a range of courses, all of which are popular option choices. We offer Edqcas GCSE Design and Technology, Eduqas Vocational Award in Hospitality and Catering, Eduqas Vocational Award in Construction and the Built Environment (which the successful candidate will need to teach) and OCR Cambridge National in Child Development. The department's Programmes of Learning can be found [here](#).

## WHO ARE WE LOOKING FOR?

We are an ambitious school and want the very best for the youngsters in our care. First and foremost we are looking for a great Teacher of Design Technology, with the ability to teach Construction at KS4. We welcome applications from ECTs and more experienced candidates. For a colleague new to teaching, we have a perfect track record of supporting newly qualified teachers through their NQT / ECT framework.

## WIDER LIFE OF THE SCHOOL

The breadth of opportunities available to our pupils is illustrated on our website, and is acknowledged in our most recent Ofsted Report, but they can only happen if there is a willingness from our staff to go the extra mile in supporting our children to *be all they can be*. As such, all staff, at whatever level, are expected to make a positive contribution to the wider life of the School, and to enthusiastically engage and support the Catholic life of the school. Quite simply, we want to provide an experience which you would want for your own children.
