WELCOME

Dear Candidate

Thank you for enquiring about this post.

This information pack has been designed to give you, a potential applicant, essential information about our vacancy, school and trust, so you can decide if this should be the next step in your career.

"Wide Horizons, High Aspirations" is our school motto and this underpins our whole school philosophy. We are a school community which does not stand still. Whilst our expectations of academic performance are high, of equal importance are that students enjoy the experience of coming to Warlingham School & Sixth Form College and have opportunities which enable them to develop into young men and women who will contribute positively to society.

Our students tell us they consider this a place where they are challenged by the work, where they are supported by the staff and fellow students and where achievement is part of the everyday vocabulary. We have high expectations in terms of learning, behaviour and attendance which leads to excellent academic progress. We provide an environment that excites, motivates and challenges our students to place no ceiling on achievement and to develop an interest in the world around them. Our ambition is for students to leave Warlingham as successful, confident young people ready to face all of life's challenges and make a positive contribution to society. We measure our success by meeting the needs of all our students in this truly comprehensive school and believe everyone has a role to play in achieving this aim.

Should you decide this is not the school for you then we thank you for the interest you have shown; however, if this ethos aligns with yours, then I hope you will apply to join our team, support our drive to become outstanding and I look forward to receiving your application. We hope that this pack provides sufficient information to encourage you to take your application to the next stage.

Do telephone or email, if you wish to discuss any aspect of the post.

We look forward to hearing from you.

JOB ADVERTISEMENT

Warlingham School is different — and our Design and Technology department is something we are genuinely proud of. This is an exciting opportunity to join a team of talented, creative, and hugely experienced teachers who love what they do.

Between us, we offer an incredible breadth of specialisms — Product Design, Textiles and Food Technology — making Design and Technology at Warlingham one of the most vibrant and diverse departments you will find.

This post is suitable for both ECTs and more experienced colleagues. We offer unrivalled ECT support with an extensive induction process and support through our external partners Xavier and Teach First.

Our curriculum gives students the chance to explore design from every angle, and our staff the freedom to teach with passion. We have a large student uptake at both GCSE and A level and constantly achieve amazing results with outstanding value added; but what really makes Warlingham unique is the people.

- A staffroom where wellbeing is not a buzzword but a lived reality.
- A team who will have your back, share ideas, and bring a wealth of knowledge to the table.

A school community where you will be trusted, supported, and valued as a professional.

We are looking for someone with a passion for Design and Technology (any subject specialism), to inspire both students and colleagues, and bring their own creativity into the mix.

We strongly encourage visits to the school to see what makes us different! If you are ready to make your mark and join a school that genuinely puts staff happiness and collaboration first — we would love to hear from you.

Please note that applications will be considered upon receipt. Early applications are encouraged as we reserve the right to close the recruitment process once a suitable candidate is appointed.

THE DEPARTMENT

Design Technology

Design and Technology is an important subject in a fast-changing technical world; one that makes a distinctive contribution to the curriculum. It gives students an appreciation and understanding of the designed and built world around them and teaches important transferable employability skills not covered in other subject areas. It offers relevant opportunities for a wide range of teaching and learning styles enabling students to achieve, learn and value their schooling.

Our curriculum is about empowering students to be creative, considerate of wider issues and capable of realising their own designs. We provide opportunities for pupils to develop their capability, through combining their designing and making skills with scientific and technical knowledge and understanding. They use this to create products, using a wide range of materials and processes.

Students focus on the areas of Product Design, Textiles, and Food Technology. The creative process in which pupils are engaged is interactive and is centred around the iterative design process.

JOB DESCRIPTION

Job Purpose

To provide high quality, engaging and inspirational teaching and learning opportunities to all students. To support the success and continuous improvement of the School and the Trust, ensuring that visions and values are shared, promoted and students achieve excellent outcomes.
