APPOINTMENT OF SUBJECT TEACHER

The Headteacher and Governors of the Hammersmith Academy Trust ("the Academy") are offering a great opportunity for an exceptional candidate to join our Humanities Department as a Teacher of Economics.

Leaders and staff ensure that pupils are kept safe at school".

"Leaders and staff are knowledgeable about safeguarding. They are well informed about the risks pupils may face, including those in the local area. Staff are vigilant and identify and report concerns without delay".

A message from the Headteacher, Gary Kynaston

“In my experience of working in inner-city education, and my own time at school, I sometimes saw an attitude that assumed some people ‘can’t do’, and I knew this was wrong. I see that people, of any age, will respond to clear boundaries and clear vision. If you show your students you have belief in them and encourage them to have belief in themselves, their confidence grows and they surprise themselves with what they can achieve. Our students will leave school not only academically qualified, but confident, mature and ready to prove themselves”.

GCSE Results 2025

Hammersmith Academy is celebrating another year of strong GCSE results, laying the vital foundations for students to thrive in the Academy’s Sixth Form and beyond. This success equips them not only to excel at A-Level, but also to progress into top universities, highly competitive degree apprenticeships, and ultimately to embark on fulfilling and rewarding careers.

Overall, 77% of all grades awarded are at grades 9-4, 63% of all grades are at 9-5, and 27% (over a quarter) of all grades at 9-7.

Core subjects remain impressive among the standout statistics, with 78% of all students achieving a strong pass, grade 9-5 in English and 60% of all students attaining a grade 9-5 in Mathematics.

Sciences and the arts continue to excel, with 41% of students achieving a grade 9-7 in Biology and Physics, 48% in Chemistry, and an exceptional 100% of students achieving a grade 9-5 in Drama.

This set of results ranks Hammersmith Academy within the top 15% of schools nationally for overall student progress, demonstrating that our students consistently make greater academic gains here than the average elsewhere.

These results are particularly impressive when considered in the context of Hammersmith Academy’s fair-banded intake, which welcomes students from across all ability groups. By ensuring a genuinely comprehensive cohort, the Academy demonstrates the impact of its teaching and support in helping every student, regardless of starting point, to achieve success and build the foundations for their future.

These results are not just an endpoint but a springboard. Hammersmith Academy’s curriculum is curated to prepare students for the real world, nurturing the skills and ambition needed to succeed at every stage of their education. The journey from GCSE success to A-Level achievement is clear, as demonstrated by this year’s Sixth Form leavers, who went on to secure top courses at Russell Group universities, Oxford, and competitive degree apprenticeships with leading employers.

Examples of GCSE Standout Successes

- OBS was the Academy’s top performer, scoring an outstanding 9 grade 9s and a grade 8. She enthused, “I’m completely over the moon with my GCSE results, I worked as hard as I could and it honestly couldn’t have gone better. None of this would have been possible without my amazing teachers, who were always there to support me and help me improve. Now I’m excited to push myself further, take on new subjects in Sixth Form, and aim for equally strong A Level results.”
- NLK secured an equally impressive 9 grade 9s. He said, “I feel ecstatic and really proud of my results. They reflect all the hard work and consistency I put in throughout the year and I’m so grateful to my teachers for motivating me and pushing me to do my best. Now I’m

excited to focus on the subjects I love most in Sixth Form and take on the new challenges ahead.”

- MLA achieved 8 grade 9s and 3 grade 8s. She added, “The focused exam lessons and endless essay practice made the real difference, even if they weren’t always fun at the time, because they meant I could actually retain and use the knowledge. Like many others, I struggled with motivation and last-minute revision stress, but in the end I had to trust the work I’d put in over the years. Looking ahead, I’m excited about pushing myself further in Sixth Form and gaining the satisfaction of achieving strong results in the subjects I love.”
- IO attained 7 grade 9s and 3 grade 8s.
- CRF accomplished 7 grade 9s and 2 grade 8s.
- SM secured 5 grade 9s and 4 grade 8s, he said, “My results really reflect the hard work I put in, with my parents making sure I never took my foot off the gas. My teachers also provided excellent resources that made a big difference. GCSEs were the first big challenge and I’m excited to carry this momentum into my A Levels. It wasn’t always easy and I learned that with a lot of hard work, and some sacrifices you can achieve your goals.”
- AL was awarded 3 grade 9s and 5 grade 8s. He commented, “I’m really pleased with my results and content with the outcome. The after-school intervention sessions helped me a lot throughout the GCSE process, and I’m especially proud of how much progress I made in Maths by working hard in lessons and practising past papers. I’m now looking forward to continuing my education with A Levels and seeing what the future holds. My advice to future students would be to keep working hard but not to stress too much along the way.”

A-Level Results 2025

A-Level results continue to excel, with 50% of all grades awarded being A*–B, and impressively 75% at A*–C, improving further upon last year’s achievements.

Multiple subjects achieved outstanding results, highlighting the breadth of excellence across the Academy’s curriculum. In Psychology, 71% of students secured a grade B or above. Sociology saw 73% at B or higher, while Economics achieved an impressive 69% B and above. In Politics, 61% earned a grade B or higher. Creative subjects also shone, with Art seeing 79% of grades at B or above, and Further Mathematics, a traditionally challenging subject, securing 83% at B or higher.

Vocational course results are even more impressive demonstrating that vocational pathways are an equally powerful route to university and career success. A noteworthy 62% of all BTEC grades were at Distinction* or Distinction level, with 100% of students achieving Merit or above. Standout courses include BTEC Business, where 67% of grades were Distinction or higher, and BTEC Sport, with a remarkable 71% at Distinction or above.

This year’s cohort proves that academic success at Hammersmith Academy opens the door to exceptional real-world opportunities. From Law at King’s College London, Japanese & Linguistics at University of Edinburgh, and Fine Art at the University of Oxford to Product Design at the University of Leeds, Neuroscience at University of Exeter, Game Development at Kingston University, Interior Design at University of the Arts London, Computer Science at Queen Mary University of London and University of Bath, and highly coveted Marketing Degree Apprenticeship with L’Oréal and Civil Engineering Degree Apprenticeship with National Highways, our students have secured places

across a vast range of subjects on some of the most competitive courses and programmes in the country.

These outcomes highlight the Academy's expertise in guiding students towards a diverse range of destinations, from Oxbridge and Russell Group universities to industry-leading degree apprenticeships that are more sought-after than ever. Through specialist teaching, personalised careers support, and a deep understanding of each student's ambitions, we ensure every individual has a clear route to success.

Examples of A-Level Standout Successes:

- Head Student, AA was this year's highest achiever with A*A*A*B and will study Mathematics at University of Bath. She said, "Balancing the demands of four A Levels, extracurricular activities, a part-time job, and my personal life was one of the toughest parts of Sixth Form, the support from friends and teachers at Hammersmith Academy has been incredible, they've been there for me every step of the way, and I couldn't have achieved these results without them. My advice to future students is to make the most of the help available, because the teachers here are fully invested in helping you reach your goals."
- Head Student, MS followed closely with an impressive A*A*A and will go on to Queen Mary University of London to study Mathematics. He said of his time, "The most important thing at HA that helped me achieve my goals was definitely the teachers. All my teachers were great and made extra effort to help us, from running interventions to marking answers outside of lessons. A special thank you to the maths department. I went into their office five times a day during exams and they always gave help no matter what, which I really appreciate. I enjoyed A Level Maths, so I'm actually looking forward to doing some harder maths at Uni and hopefully getting my degree in it!"
- GM continues the Academy's tradition of sending students to Oxbridge by attaining AAA and goes on to read Fine Art at University of Oxford. She commented, "I'm so excited to finally be going to University of Oxford after years of hard work. All my teachers and the Careers Team have helped me so much throughout my journey, and I'm incredibly grateful for their support."
- Sibling success continued with LM attaining A*Distinction*B to study Product Design (Industrial) at University of Leeds.
- SH has secured his place at University of Edinburgh to study Japanese & Linguistics. He added, "I feel both grateful and relieved to have secured my place at university. The Academy provided ample support by paying for resources along with the tireless support from my teachers which played a huge role in my success. I'm excited to study subjects I couldn't take in Sixth Form and to make the most of my Year Abroad in Japan."
- MS secured A*A*A to read Law at King's College London.

Developing character and a growth mind-set - Be better than you thought you could be

Good character development coupled with academic success is essential to a high-quality education. We succeed by developing a growth mind-set through the skills of resilience in the face of challenge, resourceful when solving problems, reflective when evaluating progress and reciprocal when working in teams. To be fearless when striving for excellence and contributing positively to life in a global society.

We want each individual to be better than they thought they could be. We believe everyone is powerful beyond measure and capable of extraordinary achievements. We expect more from ourselves and each other in our drive to be the best and are 100% committed in everything we do. We constantly challenge students to push their limits, to work hard, to be resilient and inspire each other to *outstanding* success.

We expect the same from all adults. That they are determined and committed to be the best they can be, demonstrate a 'can do' attitude and transmit these expectations to the students.

Knowledge is power

Knowledge creates power. First, Intellectual power - primarily through the core disciplines of literacy and mathematics which are the building blocks in accessing a successful life. Second, Economic power - a deep understanding of the links between self-management and problem-solving skills in becoming rounded and grounded in preparation for the world of work and thirdly, Social power - developing our social and moral responsibility as active citizens.

We prepare students for successful lives through a stimulating and engaging curriculum where our practices mirror those found in the wider world of work. Using a broad experiential approach, students are given the opportunity to make choices, take responsibility for their learning and accelerate their interests in greater depth.

Developing a thirst for knowledge through inspirational teaching is powerful. Its value is limitless. It enables students to absorb challenging concepts and develop the skills of critique, analysis and evaluation.

Leading is achieving

Leadership is central to our ethos of success as an individual, a team and a learning organisation. We work closely together to improve. We consistently look to enhance the quality of what we are doing and seek inspiration from inside and outside the Academy.

Our students are future leaders who develop a clear sense of ownership and pride in their own performance which empowers them to support others. We expect students to value and celebrate success and champion their community.

All adults are expected to lead and to build a performance culture. In every action, attitude and expression, they set direction and expectation. Every adult is trusted to act with integrity and take personal responsibility to do the right thing for the students.
