

Application Pack – January 2024

Teacher of Engineering and DT

SGSAT M1 – UPS3

Contract Type: Full time, permanent

Apply By: 19th February 2024

Start Date: 1st September 2024

Dear Candidate

Thank you for taking the time to read about the UTC and the Teacher of Engineering and DT role. I'm delighted to tell you more about our wonderful school and the many reasons why you should consider coming to work with us.

At SGS Berkeley Green UTC, technical knowledge and skills are highly prized. Our students join us in year 10 or 12 to follow one of two specialist pathways: Engineering or Digital Technologies (including Cyber Security). They are highly motivated and determined to do well in their chosen sector.

The UTC was built in 2017, in collaboration with local employers. They helped to design the building, facilities and curriculum, ensuring that our students receive a 21st century education. As a result, our students enjoy our state-of-the-art campus and have unrivalled access to high-quality resources, equipment and support. Our engineering barn provides students with an immersive engineering learning experience, unrivalled in the local area. We work closely with a wide range of local and national employer partners to enhance the student experience, and to prepare them for their next steps. Staff at the UTC are experts in their subject areas and benefit from excellent CPD.

Even the briefest visit to the UTC will demonstrate what makes us unique: a culture of professionalism. The young people we work with are polite, respectful and inclusive. They take pride in dressing smartly and behave like young adults. Building strong professional relationships is an important part of our success. We are small enough that we get to know every student and speak to each other on first-name terms.

We are excited to have two positions available, due to our continued growth in student numbers and the rise in students choosing engineering and DT options. Our curriculum in engineering covers the following courses and successful candidates would be required to teach a selection of them:

- GCSE Design Technology (AQA)
- WJEC Engineering L2
- NCFE Graphic Design
- A Level Design Technology
- BTEC Engineering L3

It short, it is a privilege to work in a setting where you can really immerse yourself in the subjects you are passionate about, with students who share your enthusiasm. We are quite unlike any other school in the area and take pride in the unique experience we are able to provide to our students.

If this all sounds too good to be true, come and see for yourself.

With very best wishes

Gareth Lister (**Headteacher**)

Berkeley Green UTC – Who are we?

Opened in September 2017, SGS Berkeley Green UTC is one of Gloucestershire's newest educational institution providing the high quality academic education you would expect from a school with the technical and employer focused education of a college.

Students join us for their GCSEs in Year 10 or A Levels and Technical Qualifications in Year 12 and thrive in this dynamic learning environment. Our work with employers gives you the competitive edge when looking for employment within the areas of Engineering, Digital Technologies and Cyber Security as well as giving you the first class education that you would also expect from a secondary school or sixth form setting.

The UTC provides specialist high quality vocational and academic education for learners aged 14-19 with a strong interest in Engineering, Digital Technologies and Cyber Security. SGS Berkeley Green UTC is one of about fifty University Technical Colleges nationally.

As with all UTCs, SGS Berkeley Green UTC's curriculum has been developed in partnership with employers, who have taken an active role in the development of the UTC. Students follow the national curriculum enabling them to achieve the same number of GCSEs that they would in a school, but because of the longer school days they also have an additional forty percent of their time focused on undertaking specialist vocational education and projects led by employers in the areas of Engineering, Cyber Security and Digital Technologies. This enables students at a UTC to become more attractive to employers as they have practical, relevant skills as well as having the same excellent education and qualifications that they would get within a secondary school or sixth form.

Job Description

Job Description – Subject Teacher

Job Title	Subject Teacher – SGS Berkeley Green UTC
Main Purpose of the role	
<ul style="list-style-type: none">  Work with the Headteacher, Senior Leadership Team, Teaching and Non-teaching colleagues to implement SGS Berkeley Green UTC's vision, policies and practices.  To deliver high quality learning & teaching in order to maximise student progress in classes taught.  To support the academic, social, moral and cultural development of students through the tutor role and to fully participate in the UTC enrichment programme. 	
Key Tasks/Responsibilities:	
<p>1 Set high expectations which inspire, motivate and challenge students.</p> <ul style="list-style-type: none">  Establish a safe and stimulating environment for students, rooted in mutual respect and professionalism.  Set goals that stretch and challenge students of all backgrounds, abilities and dispositions.  Demonstrate consistently the positive attitudes, values and behaviour which are expected of students. <p>2 Promote good progress and outcomes by students.</p> <ul style="list-style-type: none">  Be accountable for students' attainment, progress and outcomes.  Be aware of students' capabilities and their prior knowledge, and plan teaching to build on these.  Guide students to reflect on the progress they have made and their emerging needs.  Demonstrate knowledge and understanding of how students learn and how this impacts on teaching.  Encourage students to take a responsible and conscientious attitude to their own work and study. <p>3 Demonstrate good subject and curriculum knowledge.</p> <ul style="list-style-type: none">  Have a secure knowledge of the relevant subject(s) and curriculum areas taught, foster and maintain students' interest in the subject, and address misunderstandings.  Demonstrate an understanding of the sequencing of learning within and between lessons, and of how students effectively commit new learning to memory.  Demonstrate a critical understanding of developments in the subject area and its links to industry.  Demonstrate an understanding of and take responsibility for promoting high standards of literacy, oracy and the correct use of standard English, whatever your specialist subject.  Demonstrate an understanding of and take responsibility for promoting high standards of numeracy and the correct use of mathematical terminology, whatever your specialist subject. <p>4 Plan and teach well-structured lessons</p> <ul style="list-style-type: none">  Impart knowledge and develop understanding through effective use of lesson time. 	

- Promote a love of knowledge, intellectual curiosity and learning by doing.
- Plan out-of-class activities to consolidate and extend student's knowledge and understanding.
- Reflect systematically on the effectiveness of lessons and approaches to teaching.
- Embrace the use of advanced technology in lessons where appropriate.
- Contribute to the design and provision of an engaging, real world curriculum.

5 Adapt teaching to respond to the strengths and needs of all students

- Have a secure understanding of barriers to learning, and how best to overcome these
- Demonstrate an awareness of the physical, social and intellectual development of young people, and know how to adapt teaching to support students' education at different stages of development
- Have a clear understanding of the needs of ALL students, and be able to use and evaluate distinctive teaching approaches to engage and support them in closing any gaps in attainment.

6 Make accurate and productive use of assessment

- Know how to assess the relevant subject and curriculum areas you teach and ways of checking student understanding
- Make use of formative and summative assessment to secure students' progress
- Use relevant data to monitor progress, set targets, and plan subsequent lessons
- Give students regular feedback, both orally and through accurate marking, and encourage students to respond to the feedback, giving dedicated improvement times in lessons.

7 Manage behaviour effectively to ensure a good and safe learning environment.

- Take responsibility for promoting professional and courteous behaviour in teaching areas and around the UTC, in accordance with the UTC Behaviour Policy.
- Use praise, sanctions and rewards consistently and fairly, and engage in positive restorative conversations with students in line with UTC expectations.
- Manage classes effectively, using approaches which are appropriate to students' needs in order to involve and motivate them.
- Maintain professional relationships with students, exercising appropriate authority when necessary.

8 Fulfil wider professional responsibilities

- Make a full and positive contribution to the wider life and ethos of SGS Berkeley Green UTC.
- Develop effective professional relationships with colleagues and industry partners, knowing how and when to draw on advice and specialist support. Be prepared to adapt practice where necessary.
- Deploy support staff effectively where appropriate.
- Take responsibility for improving teaching through appropriate professional development.
- Communicate effectively with students, parents and carers with regard to achievements and well-being.

PERSONAL AND PROFESSIONAL CONDUCT

- Act with honesty and Integrity.
- Forge positive professional relationships within and beyond SGS Berkeley Green UTC and SGSAT
- Be committed to collaboration and co-operative working.
- Treat students with dignity, building relationships rooted in mutual respect, and at all times observing proper boundaries appropriate to a teacher's professional position.
- Have regard for the need to safeguard students' well-being, in accordance with statutory provisions.
- Demonstrate respect for the rights of others.
- Uphold fundamental British values, including democracy, the rule of law, individual liberty and mutual respect, and acceptance of those with different faiths and beliefs.
- Ensure that personal beliefs are not expressed in ways which exploit students' vulnerability or might lead them to break the law.
- Have proper and professional regard for the ethos, policies and practices of the SGSAT, and maintain high standards in their own attendance and punctuality.
- Have an understanding of, and always act within, any relevant statutory frameworks.

Other Information
<p>The above duties are subject to the general roles and responsibilities contained in the Statement of Conditions of Employment. This job description allocates duties and responsibilities but does not direct the particular amount of time to be spent on carrying them out and no part of it may be so construed. As the needs of the Trust change, so the above job profile, duties and location of the role within the Trust may be adjusted accordingly.</p> <p>The UTC will pay all teaching staff in accordance with the qualified or unqualified scale depending upon qualifications.</p> <p>All employees are expected to take part in the UTC enrichment programme and open days/events and work such hours as may be needed to enable the effective discharge of the teacher's professional duties and to meet the educational needs of our students.</p> <p>The SGS Academy Trust is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. An enhanced DBS (Disclosure and Barring Service) with barred list check is required for all successful applicants.</p> <p>Where an employee indicates a disability, every effort will be made to make reasonable adjustments. If, however, a certain task proves to be unachievable, job redesign will be given full consideration.</p>
Author and Date
Gareth Lister, December 2023

As the needs of SGS-AT change, so the above job profile, duties and location of the role within the Trust may be adjusted accordingly.

Where an employee indicates a disability, every effort will be made to make reasonable adjustments. If, however, a certain task proves to be unachievable, job redesign will be given full consideration.
