CANDIDATE
PACK

A WELCOME FROM OUR HEADTEACHER

Dear Candidate

Thank you for downloading this candidate pack and for taking the time to consider working for our Trust in the advertised position..

I am very proud to be the Headteacher of a School that is determined to make a positive difference to the future of our students and their families, the careers of our staff, as well as contributing to the wider and local community.

The students at King Charles I School deserve the very best teachers, leaders and support staff and therefore we are looking for an exceptional candidate for this key post.

It is a really exciting time for us as we continue to grow and build upon what is already a hugely successful school.

This post is a great opportunity for you to work with a group of fantastic staff who believe passionately in what they are doing.

At its simplest, our mission statement as a school remains the same each year and that is to work to achieve the best possible outcomes for all our students thereby ensuring the best life chances for everybody in our care.

This is underpinned by a belief that 'an education' is more than just a set of qualifications but is an experience which allows young people to enhance their natural talents, gifts and abilities.

We strive to ensure that all our students are supported to be the kind, articulate, tolerant, resilient and caring young people who will go

into the world beyond King Charles as lifelong learners capable of achieving great things and making a difference.

Our responsive teaching model is simple and straight-forward and we pride ourselves on our outward-looking perspective and use of the latest research in the fields of education and cognitive science to ensure that our practice is cutting edge.

I believe that a successful school is founded upon communication and teamwork and so staff contributions are essential in helping us move our schools forward. The welfare and development of all of our staff is of paramount importance to us and we are relentless in our quest to ensure all of our staff have the opportunity to access welfare and CPD opportunities.

Perceptions play a huge part in choosing your next employer and I encourage you to make contact and to come and visit us as part of your application.

I look forward to receiving your application.

Jamie Butler,
Headteacher, King Charles I School

OUR TRUST

The Four Stones Multi Academy Trust (MAT) is a family of like-minded schools, that collaborate to provide mutual support, share their good practice, and learn from each other. Our students deserve the best and we do this most effectively by working together.

Established in 2018 we have grown to have 3 successful high schools across the West Midlands and we have plans for further growth.

We are unapologetically ambitious for every student, no matter what their background, prior attainment or needs. We take great pride in developing relationships between students, staff, and families, in order that we can ensure that success is desirable, demanded and achievable.

We are determined to make a positive difference to the future of our students and their families, the careers of our staff, as well as contributing to the wider community.

We are dedicated to improving standards and are driven to achieve excellence by living and breathing our core values of:

AMBITION

COMMITMENT

CREATIVITY

INTEGRITY

WE ARE AMBITIOUS FOR OURSELVES AND OUR STUDENTS

We set high expectations and standards and strive to achieve excellence in all that we do. We are unashamedly ambitious for the students we serve. We want to provide access to opportunities within the classroom and beyond. We will continue to strive to be the best we can be.

WE ARE COMMITTED TO BEING THE BEST WE CAN BE

We consistently deliver on expectations and go the extra mile to get the job done, approaching everything with a "can do attitude". We constantly look to improve ourselves and our service, cultivating our knowledge, skill, and attitudes to achieve excellence

KNOWLEDGE AND LITERACY MAKE CREATIVITY POSSIBLE

Our schools, where students develop the literacy skills on which all further learning depends, cultivate creativity by providing a broad base of academic knowledge that students need to be properly creative. The knowledge we deliver is powerful in that it changes students' perceptions, values and understanding. It encourages students to ask new questions and explore alternate explanations

INTEGRITY IS ABOUT DOING THE RIGHT THING

We treat others with respect and honesty. We take care of our environment and utilise knowledge and understanding wisely. We nurture our students so that they become young adults of principle and character who support each other in their quest for excellence.

OUR TRUST

As part of our Trust Development, we have the following aims which we call our Trust Dividend

We grow our own future leaders at all levels; we have high-quality CPD. We care about staff development, no matter the pay grade or position.

We integrate our SCITT/Teaching School Hub into the work of the Trust. This helps recruitment, contributes to our CPD programmes and provides opportunities for diversification and networking.

We are research-based, we base our practices on what is proven to work.

Our curriculum is forensically researched, planned and thought through so that our students are equipped with the knowledge they need to be successful in examinations and adult life.

We have the best personal development programme as an entitlement for all students.

We have partnerships with outstanding provision eg music, sport, professional bodies, business and universities.

Our four values are at the heart of all that we do - influencing our culture and our students' beliefs and actions.

Our differences are a strength as schools; our context diversity influences our practice and ability to deliver school improvement.

Our approach to literacy is outstanding and changes students' lives and access to education

Our strong, central services ensure leaders have the capacity to drive school improvement. We are experts in our management of finance, estates, HR and ICT.

Teachers can teach, learners can learn because we create school cultures with high expectations of behaviour and conduct where learning is sacrosanct.

We are kind and driven; the two are not incompatible.
