STAFF JOURNEY

I started working for Ethos College around eight years ago, as a grade 7 Inclusion Worker. It was an immensely enjoyable and rewarding position. I loved the fact that I could support the social and emotional development of young people and have the ability to make a huge impact on their lives. I was inspired by our talented team and decided to combine my passion for science and education to train to become a qualified teacher. Ethos College supported me all the way and when a position became available, I applied and was so proud to take up the post of science teacher. Since then I have not looked back!! I am now working in a leadership position, helping to develop our offer to young people educated around the local authority. Working at Ethos College and being a part of the transformation of the lives of our young people is an absolute privilege.

“

I feel that my views and opinions are valued and that I am trusted to be the kind of teacher I want to be. The support and training I have received has been both timely and relevant. I have been given information that means I follow the Ethos methods when delivering a service whilst having the space and opportunity to use my own initiative and work in a way that suits me.
