

In all things faithful

November 2024

Dear Applicant,

Thank you for your interest in the position of a Teacher of English to cover a maternity leave, at St Damian's RC Science College. This is an excellent opportunity to become part of a great English department. This position is suitable for someone who would like to work in a very successful department and has the ability to embed a rich curriculum that will meet the needs of our great pupils. The governors and I are looking for an ambitious teacher who is driven by ensuring that pupils receive an outstanding education, and this will be reflected in pupil outcomes.

Our English results are simply sensational and are consistently significantly above national measures in all areas [see advert]. This is the direct result of many reasons, but the most important 3 factors are a relentless focus on teaching and learning, great leadership of the department and thirdly, genuine care for our pupils. Our staff are dedicated and committed to the children at St Damian's. Furthermore, our Ebacc outcomes reflect that we deliver a strong academic curriculum. These are well above the national average and show the high standards that we have set at St Damian's.

This position is key in ensuring we continue to have outstanding Science results as we look to further strengthen the Science department. We have a very comprehensive CPD programme for all teachers, including excellent leadership development.

We have achieved back-to-back outstanding, and over the past few years we have been awarded a plethora of external awards which shows our commitment to developing the whole child. These ranged from Anti-Bullying Initiatives, Careers Guidance Awards, to Healthy Eating accolades, Quality Inclusion Mark and Young Carers Awards. These awards epitomise our strong Community where the relationships between pupils and staff is seamless. Last year we won three secondary school of the year awards.

What does St Damian's offer?

- ✚ A relatively new 'fit-for-purpose' building that is conducive to learning [opened May 2011]
